

# EARTH

*Eternal Love Poems  
with Pain*

VOLUME 1

*Aakshey  
Talwar*

## *Annie is Life*

Annie, Annie, Annie, Annie...(infinite)

My heart goes on

Cute Annie, so beautiful

It sings a song

Pounds of love, and heart throbs

Her cute smile brings

Makes me smile

Makes me wanna dance, Annie dance

Her prettiness is unique

Style so beautiful

Smell of her love so fresh

As a drug intoxicating

Loving is her my purpose

MY reason to live

She is my season

My wish to live

Her happiness is what I crave for

Fullfilling her desires is what I desire

Acting as her shoulder to cry on

She is my only wish!

## *Annie is God*

Annie is love

Annie is life

She is very very pretty

She is God

And I wanna worship her

I say this twice

I live for her

I can die for her

For her I can change myself

For her love I can indefinitely fight

Serving her is my birth right! :D

*Annie I love you*

Annie I love you

I really really really do

I wish you could too

I wish you would too

How do I ever truly express

What I really think of you

No matter what I seem to do

Nothing ever seems to be enough for you

I day dream of you, all the time

I think of you, like you are my spine

I pray for you, like I hardly did before (for anyone else)

I care for you, maybe more than I can chew

The amount of respect I wanna give you

The Goddess I want to treat you like

The angel you mean to me

Do you even know

For you I could die

Not hundred times, not a million times,

Not a billion time, Not a zillion times

But all the time, each second, each moment

This is a fraction

Just a fraction of how much I love you

Why don't you ever come close

Why don't you ever come near

## *Annie I beg you*

Annie I beg you

Please don't break my heart

You have stolen it already

You never let the pain depart

Please have some mercy

I beg u, I plead u

I will do whatever you say

We will follow ur terms and conditions

We will have it ur way

Please don't lemme die

Please gimme a smile

Maybe jst once in a while

That single smile can move my world

Single drop of affection

Can swurl the pain

And send it fur(far)

Please Annie mean the world

Why can't I hug u

At least once

Don't throw me outta ur life

Please...

## *An Angel*

he is cute

And adorable

Pretty and beautiful

Lovely and lovable

A darling and a sweetheart

How much ever do I try

To try not to love, her

It seems impossible

For she is like no other

Intelligent and sensible

Yet Sweet, cho chweet

Innocent, really really very innocent

As if she can never hurt anybody

And I am sure she never(does that)

Knowing what she does

And if she hurt anyone ever (by mistake, which I am sure she commits less than any other)

It wouldn't be her mistake

Caring and sensitive

Soft and warm

Her hug can you make you feel really good

Nice and warm

Words fall short

To her description

For she is perfect, absolutely perfect  
And flawless, without any intention of ever doing any wrong

Beautiful she is  
She really is  
The most beautiful girl ever  
The prettiest face you would ever see

Prettier than any fairy in heaven  
She is an angel, a really pleasant angel  
You can never forget her if you meet her once  
And not stop yourself from loving her if you know her once (and for all)

She is nice, really nice  
You would need no other  
I wouldn't mind being locked up in a room (forever)  
With only me and her  
No other girl, no other living being  
Just me and her

She is an angel  
A princess  
Cute and sweet  
Adorable and Lovable

## *Akshay's Law*

Akshay will love Annie religiously to no end

(asking just for her friendship or less),

regardless of any law, any God, any devil.

He will be obedient to her wishes,

try to take care of her peace and happiness

whenever he can.

He will try to avoid writing on the blog

even if it means he saturates his mind

with \*dangerous\* thoughts, ie.death,

but he will still fulfill her whims and fancies.

He will give her any right over him she desires,

and may let her decide whether she minds if he lives or not.

## *Addiction*

I am addicted, oh yes I am  
You are my drug and the one addiction  
Tujhe nah dekhon to halat gharab ho jati hai  
Avaz na sunnon to dil ki lag jati hai  
Pyaar to karta hoon tujhse bahut  
Lakin bata nahi sakta yeh  
Tu khud hi samajh kyun nahi jati hai  
Tere Bin ek pal kaat nahi sakta  
Zinda to hoon par jee nahi sakta  
Saasein to le sakta hoon par  
Kuch bhi karne main pareshani hai  
Yaar, apne se aise door mat kar  
Mar jayunga, jee nahi payunga  
Tere bin har pal tadhploonga  
Apne aap ko kabhi maaf nahi kar payunga  
Pls kamse kam meri galti hi bata de  
Aakhir mera dosh kya hai  
Jo mujhe itni badi saza mil rahi hai  
Tera gunigar hoon to zaroor saza de  
Par agar insaan samajhti hai to kumsekam kuch insaaf to de  
Tu nahi hogi, to  
Main bhi nahi hona chahta  
Wada karta hoon agar main mujrim hoon  
To apni jaan tere kadmon pe rakh dunga  
Aur jo tu saza degi usse dil se accept karunga  
Par yaar, apne se alag mat kar  
Meri dost nahi ban sakti  
To atleast mujhe to tujhse dosti karne de

Ghulam bhi reh lunga

Par without u,

I would see the demise jst like any other addict!

## *Ab to Chance Dede!*

Annie, mujhe scene se lagade yaar

Ek baar tu gale laga le yaar

Barson ke dard se rahat dilade yaar

Kuch khubsoorat lamhon se to milade yaar

Tere saath har moment precious hai

Tujhe dekhoon, ya na dekhoon

Avaz sunne ko mile ya na mile

Par woh saath bahut hi precious hai

Tu hi to sab kuch hai

Baki sab kuch, kuch bhi nahi hai

Kya itna pyaar tere liye kam hai

Kya kitna bhi pyaar koi kare, koi ahmeet nahi

Yaar, tadap raha hoon

Taras gaya hoon

Chance ab to dede

Maan bhi jaa yaar mere!

## *Aadhuri*

Tum kehti ho ki blog par post na karun

Kaise nah karun

Yeh poochne ka hak bhi nahi deti

Kitna dard hota hai yeh batane ka moka bhi nahi milta

Mujhe samajhne ki koshish bhi shayad nahi karti

Ya shayad karna hi nahi chahti

Kya tumhe pata hai yehi blog mera pain reliever tha

Yahan aa kar hi mera dard kam hua karta tha

Par nahi, tumhe kyun farak padega

Acha hota agar bahut pehle hi mar jata

Kamsekum tum bhi khush hoti

Phir mujhe blog ki zaroorat bhi nahi padhti

Par tumhari baat bhi taal nahi sakta

Apne hi blog par apni hi post kar nahi sakta

Aakhir meri freedom bhi teri hi jagir hai

Tum apne blog par visit karne tak ki ijazat bhi nahi deti

Pyaar na karta to keh kar dekha thi

Dara nahi raha, bata raha hoon, apne dil ki baat

Annoy nahi karunga, comment bhi nahi karunga!

## *Ab aur Kitna*

How much more time

Is it going to take

Tired I am, waiting

Till at night so late(ie. so many months)

I can not wait any further

I sometimes almost cry

Is this realli fair  
How longer is this going to take

I need you in my life: angel  
I need to meet you soon angel  
I want to see you soon  
I want to hear your voice again

I love you my lady  
I guarantee that once more  
Please do not shy away  
I can't bear the fact any more

All the time, I wish I could  
Dedicate it to you  
I wish my life soon Ends  
& Begins with just you and for yo, I am sure:

How much longer will it take  
How much more do I have to wait  
Is anything left to be done now  
I hope it is not too late...

## *Annie's Law*

Annie will not let Akshay live,  
she will not let him die,  
she will make him suffer,  
face anxiety and doubt,  
see darkness, pain and misery  
and make life a living hell and nightmare for him.

She will not let him cry,  
she will not let him be happy.  
She will be cruel and inhuman towards him,  
and unfeeling towards his emotions.

She will treat him as an untouchable,  
as dirt and destroy him completely.

She will keep his soul and burn it,  
slice his heart into a million pieces with a sharp knife  
and paralyse his mind, and torture him beyond limits.

She will kill him each moment of his life  
yet not let him die,  
not let him cry  
and finally kill him!

PS: Not blaming her for anything, and I don't consider anything to be her fault, just that she treats me like this, and it aches me badly,  
but I will still treat her as an angel/Godess.

I apologize if this hurts her coz I didn't mean to do that, but this is the way she treats me, but I still ...

## *Long Break*

My morning started wonderfully  
As my sleep woke up to your thought  
Comfortably and nicely in bed I was  
Thinkin of you even before the start  
Beautiful it was, I have to say  
Nothing new for you to hear  
But a means a lot to me  
So I will say

Dreaming about you is the most wonderful thing  
Except when you really come along  
Though such good things rarely find my way  
I know you may think I am mad  
I don't know, I don't care, I LOVE YOU  
Seen you after a long,long,longgg time today  
I wish for some while we could stay  
If not for the whole day  
Don't know quite, what to write  
Have said everything to you over and over again  
Yet my mind refused to stop its flight  
My heart has only truely ever beat for fun  
So I find it difficult to change my way  
The only one I genuinely cared for, IS YOU  
My path, my dream,my destination,My love,My life,My God  
IS YOU, none other, just you  
Won't give you an overdose by continuing my prey(aka poem talk)  
Anyway, I hope ur exam went good, and ur life turns even better!

## *Lights*

A ray of light

Of hope and sight

Strikes me really light

Nice and swift

Like an air drift

Looking high and bright

Possibly through the night

I wake, I sleep, sometimes weep

I cry, yet the ray seems here

I hope it just doesn't pass by

The same old faith

Now seems renewed

I hope it doesn't just go and get me screwed

I love, I hope

Till then I will live

If the ray goes off

My life goes too!

## *Lifeless Yet Living*

I can not speak

You don't want me to

I stay shut up

For that is all you let me do

I can not hear

For permission is denied

I can not bear

And this I fear

I can not see

I don't like it this way

This is all I get

For you want it this way

I am alone, all alone

Hope is dying

Life will too

Blood is flowing

Bleed things will too

Life is a pain

A torture and repent

A regret that isn't being satisfied

A mistake of whose the price may be very high

If I am a mistake, so it be

But then each mistake has a price

And each suffering has a damage twice

I cry, I scream, the pain is intolerable

God, nobody seems to hear

And surely not you

You just laugh it off

Increasing it by the day  
I wish I could take the long sleep  
A long one, really really long  
And get up never again ever  
But alas, I have no choice  
You must be happy  
Seeing my tears  
Taking them and beating them dear  
Please dear don't mistake me  
I too am just a human  
Just like any other  
Please don't torture me!

## *Letter*

Tum kehti ho ki blog par post na karun

Kaise nah karun

Yeh poochne ka hak bhi nahi deti

Kitna dard hota hai yeh batane ka moka bhi nahi milta

Mujhe samajhne ki koshish bhi shayad nahi karti

Ya shayad karna hi nahi chahti

Kya tumhe pata hai yehi blog mera pain reliever tha

Yahan aa kar hi mera dard kam hua karta tha

Par nahi, tumhe kyun farak padega

Acha hota agar bahut pehle hi mar jata

Kamsekum tum bhi khush hoti

Phir mujhe blog ki zaroorat bhi nahi padhti

Par tumhari baat bhi taal nahi sakta

Apne hi blog par apni hi post kar nahi sakta

Aakhir meri freedom bhi teri hi jagir hai

Tum apne blog par visit karne tak ki ijazat bhi nahi deti

Pyaar na karta to keh kar dekha thi

Dara nahi raha, bata raha hoon, apne dil ki baat

Annoy nahi karunga, comment nahi karunga

Par yaar aisa zulm mat karo

Mujhe apni na sahi apne blog ki ek jhalak hi lene do

Tumhare liye bahut aasan hai kehna

Tumhe to bas hukum dena aata hai nah

Meri bhi soch na yaar

Kya guzarti ki mujhepe, dasa bigad jaati hai

Nahi seh sakunga zyaada din aur

Shayad kuch kar jarunga

Maaf kar diyo agar kuch aisa waisa kar gaya.

Tum mujhe apne baare mein doston se bhi baat nahi karne deti

Mere doston ko bhi mujh se door kar deti ho

Tum nahi ho, doston ko tum pass rehne dogi nahi

Marne dogi nahi, jeene dogi nahi

Tum kyun nahi samajhti ki main apne baare main post kar raha tha

Kaan pakad sakta hoon, public apology de sakta hoon

Jaan bhi shayad de dunga, par dil pe thoda to kam bereham ban yaar.

Tere bin ek pal nahi kat ta

Sone ke pehle aur uthne ke baad

Tumhi hi nazar aati ho

Jahan jayun jo karun jidhar rahun

Lagta hi nahi ki tum pass nahi ho

Shayad main pagal ho gaya hoon

Agar nahi bhi hua to ho jayunga

Gud hai, tera picha to chootega.

Yaar pls samajh, halat kharab ho jati hai.

Tabiyat bigad jaati hai.

The pain isn't only emotional anymore

Phyically symptoms main manifest karne lag gayi hai

Tujhe bahut miss kar raha hoon

Ek arsa ho gaya tune chutiye bhi nahi bola

Gali main bhi teri achai ko dhund raha hoon

Maine sirf ek moka manga tha

Woh bhi teri terms and conditions pe

Woh na sahi to kamsekam dard hi mita de

Donon mainse ek to karle.

Yaar, maine karun to kya

Jee main sakta nahi, shayad yeh hi tu chahti hai

Marna main chahta nahi, par tu to yeh hi chahti hai

Par najaane kyun kar nahi pati hai

Mujhe samajh ne ki koshish kar yaar

Kuch aur samay main pata nahi kya ho jayega

Sab guzar jayega

Phir ya to waqt ro jayega ya mera bulb gul ho jayega

Nahi keh sakti tum to mat bolo

Par ek ishara hi kardo na yaar, samahj jayunga

Test karke dekh lo tum.

Tumhari life main zabardasti interefere nahi karna chahta

Par kamsekam meri life to mujhse mat chheen

Tum jaanti ho ki tumhe taal nahi sakta

Meri freedom mujhe lotta de yaar!

*Lemme light ur life*

I don't say that

That don't have a life without me

I say that

That I don't want a life without you

Did I ever say that love me?

No! I say I wanna love you

Did I ever say to make me happy

Make me cry for all I care

But then atleast do that

Do something atleast :(

Please...

And I promise to fill your life without joy!

(No conditions from my side)

## *Kyun*

Jitna pyaar tha sab tum par hi lutta diya  
Jo hai sab tumhare hi to hai  
Har ek drop tumko de diya  
Itna diya ki poori duniya ke liye kaafi ho  
Par tumne isko apne peron tale kuchal diya  
Mere dil ka katal kar diya  
Mujhe tanha aur akela chod diya  
Kyun aisa kiya tumne  
Mera gunna kya tha  
Ki tumne meri aisi dasa kar dali  
Zamane ko mera dushman bana diya  
Aakhir kyun tumne aisa kiya?

## *Kya*

Kya mere pass dil nahi hai

Kya mujhe dard nahi hota

Do you really think that I don't have any feelings

That I don't cry

That my pain is a joke for me

Just to let you know dear

Don't know how many nights do I cry off

So many days I spend wet, in tears

How many times I have felt really anxious

With my chest making me feel suicidal

Madam, my pain is for real

It is there, there no matter what happens

Please don't be fooled by the smiles on my lips

Or the laughter on my face

Tis just to hide my pain, or even to reduce it

And to not make you feel uncomfortable

Kya main insaan nahi hoon

Kya mere dukhon se tujhe koi takleef nahi hoti

Kya mujh par taras nahi aata

Jaanvar bhi kitne khush nahseeb hote hain

Tu unhe is tarah treat to nahi karti

Unka dil to nahi dukhati

Kya mere dukhon ka ant nahi hona chahiye

Kya yeh sab fair hai

Meri galti kya hai

Yeh to bata de

Aur kuch nahi to

Is duniye se mujhe hata de!

## *Annie's Kushi matters the most*

Annie yaar beautiful have tu habut  
Najane kyun gussa rehti hai har waqt  
Maaf bhi karde tere deewane ko  
Dil ko accept bhi karle ab mere  
Promise karta hoon khush rakhunga tujhe  
Ek aasoon behe agar ankhon se tere  
So gunna khoon behe phir zakhmon se mere  
Har cheez jo tu chahegi  
Har wish jo tu karegi  
Poori hogi tere sochne se bhi pehle  
Itna pyaar karunge tujhe  
I mean karta hoo  
Tang aa jayengi aap  
PAR yeh guarantee hai  
Har pal tera memorable ho jayega  
Saatva aasman tere charanon pe aa jayega  
Khush rahe tu  
Jahan bhi, jaise bhi  
Teri khushi hi to finally matter karti hai! :)

*Annie u r beautiful!*

An angel so pretty, so cute

A fairy so nice, so sweet

A lady so gentle and with so much grace

A woman so mature and feminine

A person so kind, so generous

Annie so beautiful

Annie u r beautiful

## *Annie I Beg You!*

Annie I beg you

Please don't break my heart

You have stolen it already

You never let the pain depart

Please have some mercy

I beg u, I plead u

I will do whatever you say

We will follow ur terms and conditions

We will have it ur way

Please don't lemme die

Please gimme a smile

Maybe jst once in a while

That single smile can move my world

Single drop of affection

Can swurl the pain

And send it fur(far)

Please Annie u mean the world

Why can't I hug u

At least once

Don't throw me outta ur life

Please...

## *A Vision 'You'*

I would love to hold for you

Your books and bags to your classes

I would cherish to avoid any labour

That your delicate hands might need to strain

Any help ever, you don't need to ask, never

I will be there, waiting

Ever ready to offer help

That is my sole vision in life (by choice)

Believe me, that is you!

## *Will She Cry When I Die?*

I wonder whether a single tear  
Would fall from her eye if I die  
I wonder whether she would spare  
Even a moment in my my memory

I wonder whether  
She really doesn't care at all  
Whether even shocked  
Would she be

Would it affect her life even a bit  
Will she pray for the peace of my soul  
Or would she gimme a curse  
What would it be like

Would her heart then melt  
Or would it still stay cold  
Is giving up my life enough  
To prove my love

IF so, then I don't mind  
If no, then what is right  
Taking inspiration from this might  
Maybe I will try...

But no matter I live or die  
I will help you, you can't deny!

## *Naam*

Dar lagta hai kahin naam hi na bhool jayun

Tujhko paane hi chahat mein tujhko hi na bhool jayun

Pyaar to karta hoon tujhse bahut

Kahin batane hi tujhe hasrat ko na daba jayun

Jeena nahi chahta bin tere

Kahin zindagi ke age jhuk hi na jayun

Marna pasand karunga ishq mein tere

Moka agar mil jaye agar

Ji to nahi sakta bin tere

Karun to bhi kya mein ab?

***Why is it like this?***

Why is there only pain

Why do I have nothing to gain

Why is it so dark and shallow

Why is always going to rain

Why is there no end to my pain

Why do I only need to suffer

Why is it like this?

## *Whip!*

You whip my heart

You leave me cold

You dry my soul

You let me bleed

Each whip of yours cuts the flesh (of my heart)

It stings like hell and pains me bad

Each cut of yours last me days

And it makes me bleed without a break

Ahhhhhhhhhhhhhhhhhhhh, I scream

'Please don't whip my heart, it is very painful'

'Godddddddddd, I will die, thiiiiisssssssss murreeeeeeeeee pain than I can enjoy'

It isn't that easy to suffer this much

'Have mercy, I beg you, spare my life, I will be ur slave, but spare my life, have mercy'

But no, you do not restrain(t)

You whip my heart deep

Deep enough to scar my soul

Make it pain enough to last forever

Memories that might kill each moment of my life

The wounds don't really recover

Neither do you really let them to

For you whip it again

And that too in the same place (it hurtsssssss)

Ofcourse you help me every once in a while

Jab tum chutiya kehti ho acha lagta hai

Baat karti ho, acha lagta hai

Jab tum has deti ho, tab to ...

But please don't do this yaar

Each whip is a burn

A burn which may never heal

Which might leave my life scarred forever

Better still(shouldn't be saying though)

Which will end my life forever

Yaar kyun jaala ti ho hum es tarah

Torture ki limit hoti hai

Kitne tests logi tum

Kitna satayogi aakhir

Insanon jaise behave kyun nahi karti tum mere saath

Whip bhi karogi, marne bhi nahi dogi

Tadapta rahun bas es agg main

Acha nahi lagta yaar

Aur andir hi andir tu khud soch yaar

Acha lagta hai tumhe kya

Tumhe blame nahi kar raha

Dil pe mat lena

Dil dukhaya to maaf kar dena

Par main bhi to kya karun yaar

Mujhe bhi to samajh na re

I don't have a choice

You have control over my life

Aakhir karun to kya

Again, tumhe dukhi nahi karna chahta tha

Par tum jo kar rahi ho bataye bina raha nahi jaata

Dard chupaya nahi jata

Kash tum mujhe bhi insaan hi samajh ti

Aur aise descriminate nahi karti

But trust me, you are still an angel!

## *Where is that innocence*

What is the limit  
To you spreading pain  
When does it end  
And you stop to make me bleed for fun

How can somebody not care  
One bit, a bit, even a little  
About somebody else's life  
Forget about respecting his love

Will your heart really party  
The night my tears turn to blood  
Will your mind then rest  
Or would a never ending fear then haunt

Where is that innocence  
That once make you unique  
Where is that angel now  
Of who people no longer speak

More than the fear of death  
Is the pain of being a nobody  
To not see an eye with a tear  
To not see a face with concern

Why did that fairy had to go away  
Before I even came  
Why does she no longer care

Leave alone respect, someone's love for her, her

Where is that innocence

I seek to find it back

Where do I go now

The angel seems to have lost track!

## *I am alone*

I can't express myself  
Neither here nor there  
I still live, and will live on  
You can count on me  
I promise, and I will never let you feel alone  
But I wish somebody was there for me too  
Some friend, some one,  
And if I am real lucky  
then someone really special  
Still, doesn't matter  
I will live, I will live alone  
I won't let a single scratch scar you  
For your peace  
I will bear being torn into pieces  
No regrets, no blame  
Just anxiety, fear and pain  
I hope someday somebody  
Who is human enough(talking of God's messenger or you)  
Comes and rescues me like no other  
Who that someone is  
You might know, you might not  
I just hope  
You never feel lonely  
And are never left alone  
You question my understanding  
I can't do the same to you, shouldn't I too  
I might seem random and absurd

But believe me, I am alone

And I need someone: a true friend!

## *Where are you?*

Stars are dear

But more are you

Stars seem realli far

But so do you

Blazing in the sky

Illuminating and glazing high

Shining with glorious might

The Sun bends before you

And makes you smile

A smile so dear

One so pretty and clear

That nobody on earth ever

Can not get enchanted

The magic is so powerful

That the world seems ever flaunted

You are realli pretty my angel

I am sorry but words can't do justice

No words can rightly describe you

Your divine presence can only be felt

I long for it each second

Crave for it each breath

Where are you my angel, where are you?

## ***Kuch to ho jaye***

So nahi sakta

Ro nahi sakta

Jag nahi skata

Kyun kuch ho nahi sakta

Kya insaf hota nahi

Kisi ke pyaar ki kyun kadar nahi

Har koi against kyun

Karun to bhi ab kya karun

Kash koi chatmatkar ho jaye

Kash bhagvan meharban ho jaye

Kash kuch ko sakta...Kash kuch ho sakta

Kash bahar phir cha sakte

Kash khushiyan phir la sakta

Kash ab hum saath ho sakte

Kash jadoo ho sakta

Kash main Annie ke saath ho sakta

Kahun bhi to kya

Karun ab main kya

Koi to bataye

Kuch to ho jaye...

*Keep ur soul*

Your face shines

And twinkles like gold

Actually even diamonds turn to dirt

As your beauty unfolds

Anybody would get enchanted

By a sight so pure

Happy that can obviously make me

Or did I tell that before

Now, how do I not

Call you an angel

Even Goddesses have not so much to be proud of

Just let not, one thought be forgotten

Others may not be born exactly like you

But that don't mean that they don't feel like you

Please retain the beauty

God entrusted upon you

Don't turn too cruel

More than I can chew!

## *Can I ask you for a favour*

Annie can I ask for a favour

Please make me your slave

Alone, all alone, sometimes just you or none

I don't want to even look at any other face(in that sense I mean)

Just you, just you, just you

Please let me prove my loyalty

Please let me serve my life

I don't mind being fed only pain

But ur sweet melody must rain

I don't mind being a paltu pet

I don't mind anything

All I mind is you not being around

Cz then my life feels, well, terrible

Another favour I realli won't mind

Can you take back all the emotional pain

That you have till now dished out

And replace it if you must with whips

Be it till the last spec of my body disappears

Please Annie, can you do this favour?

## *When pain hardly matters...*

They speak, it burns, it pains  
But it hardly matters any more (actually to tell the truth, it does)

Because I know I love you  
And I will always do the same

Sure it burns and might even make me cry

But I know that my love for you is true

And it will always be, so  
Pain hardly matters anymore

Because it is sweet  
And memories never die  
You are always with me  
So pain just seems like a colourful butterfly

Love is so powerful  
That you never leave me alone  
And with you  
Even hell seems far better than home

I know I can't bear it  
And I might even break  
But till then, I will think  
And love you for the same

When you taught me how to live life  
How to bear pain and be unfeeling towards it

How to feel towards others  
Could my love ever have gone in vain

I know it still pains  
And it might even be slow poison, killing me each second  
But my love for you keeps me alive  
And I will live for the same

The pain is worth it  
If my tears can light your face with a smile  
Or if it could mean the transfer of your pain: to me  
It truly is all worth it

I don't know how to thank you  
For helping me ease my pain  
But I really appreciate it  
And I hope you never leave it

I just hope that you never  
Have to suffer so much  
And I will always be there  
For I seriously care

I hope that there is  
Atleast a way out  
Then I might be considered worth you  
And then all my pain will die out!

## *Can You*

You drill down a hole

Deep down my heart

Evertime I see all that

Can't realli even figure

What is my fault

I still do not know

What is wrong with my actually

Can at least now I know

I know you are tired by now

And of course I carry the blame

But am I not drained out too

Or do you think my soul has just rested till date

The pain is extreme sometimes

The burning is just so real

Why can't I be healed now

Wyh can't things get better

Am I realli that bad

Or do you think that I ain't realli sad

Do I still not deserve you

Or do you have yourself reserved, is that true

But, I just love you, I do, I do, I do

You can't take that love away

You can't rob me of my love for you

Can you?

## *When?*

Waiting, I still am, dear...

When will you come into my life

When will my life take a new turn

When will things be nice and bright again

When will stars twinkle and shine

When will the wait be all over

And when would a new journey begin

A journey which the two of us will share

A path only the two of us can enchant

When will that grande moment be lived

When When When???

## *Chance*

Hopes arise in my heart  
Drying up pain which resides in my backyard  
Making me feel cheery and light  
Making me void of bitter feelings, out of sight  
Please don't break my heart  
Please don't go away  
I don't mind eternal crying  
If each tear could be used  
To wash your feet clean  
But I mind each of my smiles  
Which don't have feelings  
Of warmth and respect, for you  
I wannabe close, realli close to you  
Please gimme a chance  
A chance to plead  
A chance to love  
A chance to be cared for  
A chance to dance  
A chance to cook  
A chance, just one fair chance  
Maybe jst by chance! :)

## *Crying*

I have not the strength to go on

Life is just too long

It never ends, things don't seem to move on

So much would I love, to soon say YAWN

With darkness everywhere

And me cornered

I am no more the Akshay

The one so much I once honoured

He is such a stranger

I feel so alone now

Everything seems just too perfect

Yet she still don't gimme a damn

With watery eyes I write this

Probably nearly every second day do I saughta cry (ie. tears nearly come to my eyes)

What's the point in having everything material

With no love in sight

Thank God he's dead

I realli want it that way

For with him I can never even dare

To bid farewell

Another challenge now confronts me

The biggest till date I have seen

Finding my death, finding it now  
Seems my work at hand, life ain't free

I don't wanna do this  
Don't wanna give up this life perfect  
Got not choice, got no way  
Just gotta do it

Somebody please show me a way  
What hope do I have  
Why should I keep crying  
I have cried long enough

Isn't that enough?

## *Cute & Sweet*

ahut dinon se tumhari tarif nahi ki

Tumhari smile ki importance nahi discuss ki

Tum very beautiful ho yaar

Yeh keyboard pe type nahi ki ('kiya' )

Yaar jab tu smile karti hai

Kya kahun shabd hi nahi milte

Par dil ko bahut khushi milti hai

Dinon tak din tumhari ek smile se waqt kat leta hai

Pata nahi aapki smile main aisa kya jadoo hai

Ki duniya hi bhula deti hai

I bet, no soul ever in the Universe could ever had a cuter smile

Woh innocence jo uss smile main jhalak ti hai

Kya kahun, har disease ki ek hi medicine lagti hai

Tumhara to naam bhi itna sweet hai

Ki darr lagta hai diabetes na ho jaye

Naam main hi itni mithas hai ki

Truck bhar sugar bhi gand lagti hai

Kash main har waqt yeh hi naam duhara sakta: Annie

Es naam se badh kar aur koi shabd nahi soojh raha mujhe

Tum jab gali bhi deti ho

Bahut cute lagti ho

Aisi innocence maine aaj tak nahi dekhi

Woh sachai kahin kahin hi milti hai

Tum jadoogarni ho, Jadoogarni Annie

Pata nahi kyun annoy ho jati ho

Jab main smile karne ko kehta hoon

Arre pagli, main tujhse zabardasti nahi smile karvana chahta

Main tujhe hamesha khush dekhna chahta hoon

Bahut hi khush, itna khush ki ki apne aap hi tera chehra smile karde

Aafsos to yeh hi hai ki tum mujhe moka hi nahi deti

Entertain kar sakta hoon tumhe (chutiya hoon na)

Mujh par hi hass, par hass to sahi

Tera personal joker ban jayunga

Teri ek smile ke liye kuch bhi worth it hai!

## *Kash*

Kash main tujhse ek bar mil sakta  
Ek bar baat kar sakta  
Tujhe thoda hi sahi par hassa sakta  
Tere chehre par ek pyaari si muskan la sakta

Kash apne dil ki baat bata sakta  
Apna dard tujhe samjha sakta  
Tera kuch waqt apne naam kara sakta  
Tere kuch kaam aa sakta

Bahut dinon se tujhko nahi dekha  
Kash ek baar dekh sakta  
Ankhen taras jaati hai teri ek jhalak ke liye  
Par actually tu dil se kabhi door jaati hi nahi

Har samay, har jagay tu hi tu nazar aati hai  
Tereko hi miss karta rehta hoon  
Dar bhi lagta hai kabhi kabhi  
Par kya karun

Kash tu mujhe bhi insaan hi samajhti  
Insaan nahi to puppy hi samajhti  
Tu meri dost ho ya no ho, main to tera dost hi hoon  
Jaane kyun tu mujhe ek moka bhi nahi dena chahti

Aakhir meri galti kya hai  
Kis baat ki itni badi punishment de rahi hai  
Gali de, maar, jo karna hai kar

Par kuch to bol, aas pass hi reh, plsssss....

## *Die*

I want to die

Maybe I don't

Maybe I do

Don't know why

Why is it like this

Why is it

Why is

Why???

## *Dard*

akham jale pade hain

Satane walon ki koi kami nahi

Dard bhare pade hain

Aag bhujane ke liye koi bhi nahi

Aisa lagta hi ki

Zindagi ka har jara aapko de doon

Apna sab kuch aap ke naam kar doon(matlab hai meri zindagi)

Khud ko mita aap ka ban jayun

Yaar khoon hi choos lo mera

Cheekhunga, Chilaunga par fir hamesha ke liye chup ho jayunga

Lagta hai mano aapko apna

Khoon ka har boond pila doon

Apne liye 1ml na chodoon

Tarasunga, marunga, par aap ki pyaas to bujhadunga

Jitna dard dena hai do

Jaan leni hai to woh bhi lelo(aapki hi to hai)

Par mere dil ko aur mat satayo

Pehli hi bahut tadap chuka hoon

Aur mat rulao

Aapke hathon marna pasand karunga

Par es tarah ghayal mat chodo

Jee na sakunga

Es lachar pe kuch to raham khayo

Ab maan bhi jayo!

## *Dunno*

Been a long time

No poems, No pen

No chats, Nothing true

Annie, for you I can die

Test me yaar, just give it a try

Without you I will die

Don't know whaz going on

Can someone temme why

You are the one, I know

Still I feel a lil shy, dunno why

Such an angel you are

Can you agree less

You are my princess

Oh yes you are

For you I will try

And keep on trying

Obviously your verdict is still final

Dunno how to go further

Dunno how make us live together

Pray for you, is what I can do

Hope you keep merry

Else I will be screw.....d!

## *Dava*

Yaar tujhe dekhta hoon to hosh udad jaate hain  
Tere baare main soch ta hoon to sochte reha jaata hoon  
Kuch kehna bhi chahta hoon to bol nahi pata hoon  
Tu jab pass hoti hai to bolti band karva deti hai  
Main nahi janta tha pyaar kya hota hai  
Darde jigar se to bilkul vakif nahi tha  
Par kya karun tune to usse mera dil ka permanent resident bana dala  
Jaane ka naam hi nahi leta  
Agar hai tere pass to dava kyun nahi deti  
Jo aag tune lagai hai  
Ab usse bujha kyun nahi deti tu  
Mere dil pe marham tuhi to laga sakti hai  
Phir laga kyun nahi deti  
Yaar mere zakhmon pe namak kyun chiddak ti hai  
Mere saath aisa kyun karti hai  
Tu hi meri dava hai  
Teri dosti ki bina ye zindagi ek saza hai  
Yeh baat kaise batayoon tujhko  
Main pagal hoon  
Aur mere pagalpan ka elaj bhi to ek hi hai  
Najaane kab woh elaj naseeb hoga  
Tab tak kuch bacha hoga bhi ki nahi hoga  
Mana galti meri hi hai  
Par doctor to sab ko life deta hai na  
To mujhse hi kyun cheen rahi hai yaar  
Mujhko bhi jeene de na pls

Meri to ek hi dava hai

Teri dosti hi mere dil ki dava hai

Uske bin yeh zindagi bas ek saza hai

Apne dava ki intazaar karunga!

## *Dreams*

Dreams so many, I have dreamt  
For you, For me, For both of us too  
Sweet dreams, cute dreams, cute Annie  
sigh...

When will my dreams come true  
When will an angel loose her rue(red anger)  
When will we both be together  
When will my sorrow shed its feather(s)

I dream too, just like many of you  
A broken heart comes out in tears  
Leads its way to many fears  
Agony and anxiety thus do prevail

Why do my dreams have no meaning  
Does breaking my heart not make you feel uncomfortable  
Alone I stand with my dreams  
Running down my soul, an eternal run!

## *Dark Dreams*

Dark Dreams

I dream, yes I dream a lot

I see darkness but I fail to believe

I don't try to understand

I can't understand, few months down the line (no!)

I know time is short

I also know time is just an illusion

I am scared, very scared, scared enough to end my life

Because I know only few months are left

I don't want to think about it

Infact, I just can't

I don't want to shed unwanted tears

Until offcourse that is the price to help that dear one

I see darkness, but I don't want to see it

So I day dream of light, of hope

Yet I am scared

What if my hopes are shattered again

I have seen darkness(indirectly)

And it troubles me

I can't face it

Because there is not a single drop of light

I may sound weird and/or depressed

But the fact remains  
I am trying to avoid seeing darkness  
And trying to avoid the "Can be"

I might sound creepy  
But just thinking about all this starts to fill my eyes with tears

I don't want to face darkness

I am still too young

I don't know why I hope

Or how I hope

There is nobody on this planet as a saving grace

Yet I have no choice but to hope, lest I may ...

For once this darkness seems eternal

And I just want to escape

But I need a helping hand

Which is not exactly so easy to facilitate

If you have got my message

Please consider an humble request

Save me from this darkness

Before it is too late!

## *Dr Annie*

Can I have an appointment with you Dr. Annie  
A space in my body, a point in my soul, aches  
Yes you guessed it right, I suffer from heart ache  
The medicine, the Healer, I find difficult to find

I need my medicine, she is my cure  
She can turn her magic wand if she wants  
And heal my heart of all its aches  
Her hands alone are capable of erasing all the pain

Just a few words light, spoken polite  
Can lure my pain, cure it right away  
A syrup so sweet as her  
I find difficult to resist

A medicine, A tonic, A sweet, very sweet is she  
An angel, a fairy, a magician, a Goddess is she  
An appointment with her is all I need  
A cure for my suffering is what will heed

A Love, a Life, A spirit bright  
A healer is she  
She can heal me  
But when will she?

## *Dil*

Dil ne pehli baar kisi se pyaar kiya

Aur poore dil se kiya

Pehli aur akhri baar kiya

Sacha aur selfless love kiya

Tujhse kiya, sirf tujhse kiya

Apne aap ko tere hawale kar diya

Tera ban gaya

Par tune mujhe accept nahi kiya

Mere dil ka katal kar diya

Tune uska murder kyun kiya

Meri soul ka chutni bana diya

Mera nimbu nichod ke sharbat mein mila diya

Aur mujhe zeher ki jagay pila diya

Na zinda rehna diya, nar mar diya

Mere dil ka kya kasoor hai yaar

Uski khata kya hai

Usne to teri khushi hi chahiye

Phir bhi tune mere khushiyon ka gala ghot diya

Dua karta hoon ki

Tera dil sahi salamat hi rahe

Ohhh, yeh kaise bhool gaya main

Tere pass to dil hai hi nahi

Tere ko to bas logon ka dil jalana aata hai, tadhpana aata hai!

PS: Slightly frustated so had to write that, cz atleast this the way you behave with me. Sorry if it hurt you, but believe me, you hurt me a million times worse. I still won't let you get hurt ever.

## *Does she care*

I wonder whether a single tear  
Would fall from her eye if I die  
I wonder whether she would spare  
Even a moment in my memory

I wonder whether  
She really doesn't care at all  
Whether even shocked  
Would she be

Would it affect her life even a bit  
Will she pray for the peace of my soul  
Or would she gimme a curse  
What would it be like

Would her heart then melt  
Or would it still stay cold  
Is giving up my life enough  
To prove my love

If you, then I don't mind  
If no, then what is right  
Taking inspiration from this might  
Maybe I will try...

But no matter I live or die  
I will try to help you, you can't deny!

## ***Do you care***

Do you care I live or die

Do you care I smile or cry

Does it even matter to you

Does it matter at all

Is my life really that invaluable, in your eyes

Does my happiness pinch you so hard

Have my tears ever brought a smile on your lips

Do you even know that I cry

That I cry often, and a lot(Actually have, in the recent past, currently feeling more hopeful)

Do you care what happens of me

Do you give a damn to what has happened

Do you care of what is about to happen next

Will even a single tear fall from your eye

If you ever come to know that Akshay suicided

Will your heart be soaked with even moments of remorse

Do you care I break or fly

Do you care my life says to me 'BYE'

Do you care even one bit? (Please be truthful, atleast to yourself!)

## *Divine Being*

An angel in disguise

Beautiful eyecandy

With heavenly music(her words)

Was introduced to me as a surprise

The aura of her presence

Nobody could ever understand

The love and divinity which resides within

Is valued higher than any Heaven's Land

Each symbol of her presence

The very feeling of her essence

Her tastes and desires

Seem more intoxicating than any drug addict's desire

Anything which she can identify with

Gains instantly in popularity and fame

Anything which she calls hers

Turns lovely and cherished in pain

I dunno what is happening

But one thing I sure can bet

Nobody so cute, so pretty

So nice, So beautiful

Have you ever seen before

Cz there was nobody

None in history

None in the future

She is the only one

A truly Divine Being!

## ***Dil ka chor***

Annie yaar, tere pairon se amrit

Peena acha lagega mujhe

Teri har ek smile jo tu de(sakti hai)

Kar sake mujhe feel special

Teri har baat, woh yaadein

Jisko mein kabhi bhulana nahi chahta

Samay kam hai

Yeh please koi na doharey

Tu hi tu, har disha har or

Kash hote tu aur mein together

Aur banjata mein tere dil ka chor(:))...

## *When?*

Waiting, I still am, dear...

When will you come into my life

When will my life take a new turn

When will things be nice and bright again

When will stars twinkle and shine

When will the wait be all over

And when would a new journey begin

A journey which the two of us will share

A path only the two of us can enchant

When will that grande moment be lived

When When When???

## *When will it be?*

I hope de end iz near  
Cz den I will ave nthin to fear

All will den be over  
But will we have to bear

Will there be excitement  
And love in the eyes  
Will happiness enchant  
And live love life

Or will there be an ocean  
Of fear pain and tears  
Will fear be in all eyes  
And saddness very near

But why is it that  
There will still not be guilt  
In either of her eyes  
Neither would she wear

A white suit on that night  
The sun will still shine the same  
Her life will stil be bright and cheered  
But what do I do about the loss

Who do I have to hear  
Why is that, why is it like that  
She really doesn't care a damn

Why ain't she even a lil sensitive

When you taught me how to live life  
How to bear pain and be unfeeling towards it  
How to feel towards others  
Could my love ever have gone in vain

I know it still pains  
And it might even be slow poison, killing me each second  
But my love for you keeps me alive  
And I will live for the same

The pain is worth it  
If my tears can light your face with a smile  
Or if it could mean the transfer of your pain: to me  
It truly is all worth it

I don't know how to thank you  
For helping me ease my pain  
But I really appreciate it  
And I hope you never leave it

I just hope that you never  
Have to suffer so much  
And I will always be there  
For I seriously care

I hope that there is  
Atleast a way out  
Then I might be considered worth you  
And then all my pain will die out!

***What do I do?***

I can't cry(openly)

I can't die

No matter how hard I try

Can somebody please tell me why

Why is it like that

What is it for

I don't have a clue

However it sticks to me like glue

Where is my rue

What do I have to flee

To set things right

To have a new life!

## *Weirdo*

I know you think I am weird

And I totally agree

But please still do give me a chance(to become your friend)

And I am sure all that weirdness will flee

Weird or not, please do not forget

Fortunately or unfortunately I too am a human

A human who has a heart, which beats, a soul, which cries

A human with feelings just like you or any other

A human after all, no more, no less

Even I feel pain just like any other person does

You may find me weird, but please do not forget

Even I am living

And I have feelings, emotions and a heart

Which pounds with happiness whenever you are near

And which cries from within in search of you

Each moment pinches me really hard

Whenever you are not in the vicinity

Each second for me is very precious

When you are near me

I know I can't

Express myself well

But please do not forget, I request

That I am human, weird or not weird

And I feel pain, it pains me, pains really really really hard

I go through the same as any of you does

Because I am still a living being

Weirdo or not, please...

However, I can try my best

To make of me whatever you want

And I promise you won't call me a weirdo then

And I assure you won't regret

But please don't forget, I am a human

It is a humble request

Please don't consider me unworthy of your company

Please do not discriminate against me

Please don't treat me like a dog

Please don't, I promise you I won't let you regret!

## *Waz*

That was the season of pain  
Sweet it was, mind you  
However it scarcely forgot to rain  
Nevertheless, not a single moment went in vain

Your memories surrounded me  
Your name echoed all over me  
Not a penny did it cost thee  
Yet it burnt my soul for free

But one thing is sure  
And on that I agree  
The time was dynamic  
Happiness& Pain, Losses& Gain

All were a part  
Of that time  
Which I now call  
'The Time That Was...'

The Time That Was  
Is now history  
It won't repeat itself  
I hope  
Yet the most necessary  
And beautiful moments of my life  
They surely were  
That I still relish in pain

'The Time That Was'

With full heart and enegy...

## *Who will it be*

I hope de end iz near  
Cz den I will ave nthin to fear

All will den be over  
But will we have to bear

Will there be excitement  
And love in the eyes  
Will happiness enchant  
And live love life

Or will there be an ocean  
Of fear pain and tears  
Will fear be in all eyes  
And saddness very near

But why is it that  
There will still not be guilt  
In either of her eyes  
Neither would she wear

A white suit on that night  
The sun will still shine the same  
Her life will stil be bright and cheered  
But what do I do about the loss

Who do I have to hear  
Why is that, why is it like that  
She really doesn't care a damn

Why ain't she even a lil sensitive

When will the suspense break

When will my life take a retake!

## *Waiting*

I sit down, I wait

I hope it is not too late

Have no choice but to leave it to fate

Dunno how I will get rate(d)

Can't ever fear

My life seems to have tear(ed)

I can't even rear(take a U turn)

I can just sit over here

I don't know what will happen next

I am waiting with great zest

All I can do is doubt the crest

I am broken, there is no fest

Let us now wait and watch

Will I really get a swatch(switch or exchange)

Or will my bank balance go fautch

Only time can reveal with its torch!

## *Wait*

Madam, I have waited long  
Really long, Really Really long  
The journey just doesn't seem to end  
A path, a road, a track  
To be walked alone, under the sun  
Cherishing your essence, has just yet begun  
An eternal wait this seems so far  
Forever in love I am with you yaar  
I miss you each second, each moment  
But the moment of joy seems just too far  
Actually, all eternity  
What should I do, tell me, please do  
I am tired, I have broken  
Time isn't left much either  
Things are close to permanent uprooting  
Nevertheless I will still wait  
And wait as long as time exists  
Before I die offcourse  
Still, I wish you a happy life  
Splended with heavenly joy!  
  
May the Heavens shine on you!

## **Your Inner Beauty**

Don't listen to people

People do not know

Don't listen to evil words

They truly aren't meant for you

They know not what you really are

Maybe some point a finger on those grounds

They can't catch even a glimpse of yours

Your inside they don't seek to know

You are kind, and one of a kind

A compassionate dame

With lots of glorious fame

Who else knows how much you really care

Try to see from my eyes

Then you would know

How beautiful you are

From both the sides, who else knows

Sometimes I know

You turn a little here or there

But just listen to your hear

do not ever fear, nor hear

If ever you need

The person who does respect (you)

Just turn to me

Just turn to me

*End*

How can somebody give so much pain

Ensure that all his niceness goes in vain(to whom the pain is bestowed I mean)

Torture him beyond limits

Break him, ill treat him and screw him bad

Why are you so unfeeling

Please don't be so insensitive and unkind  
It hurts me bad, really bad

And I assure you that I can't, bear it anymore

Treat me like an underdog, make me bleed and cry

But please let me go

Let me die

Better still, kill me if you must

God, isn't it inhuman to cause someone so much pain

What have I asked for that I am being punished so hard

I cry, I suffer, tears yes tears fill my eyes

Life is a pain, a torture for me

She doesn't care a damn suicide I may

How the fuck does she care(not abusing her)

She doesn't really loose anything this way

And one down this population just pleases her each day

What is she(again not to be taken as an abuse)

It fucking hurts

God, lord, it is painful

Forgive me

I am coming back soon

Very soon

I can almost promise this

The day isn't far

I will meet you

I know it will be too late by then

But if it is destined that way, how can I stay

But I pray

Don't blame her for this delay

Actually she doesn't even care

But for my sake, take care of her

I still wonder, what is she

It fucking pains me

Like somebody is boiling me in acid

Slicing my heart to ache it bad

Torturing me but not letting me die

Still, take care of her

And make her kind

Show her the light too

And I am sure she won't lose you

Like I did

But still remember

I am coming soon

To go away

But still coming once atleast

Please make some way

When am I coming

I do not know

But most likely I will come

You can now be sure

Thanks for all the help you gave me

I can however not do your work any more

Let her do it too

And make her succeed

If you really ever cared about me

Find some other, someone better than me

And never leave that somebody

As you did to me

She can do it, I know she can

So let my gifts be transfered to her from thee

I hope I get some time

Of yours now too

Deserving or not

Nobodying in this world deserves anything they get, do(they?)

Life is a pain

Bad and unkind

I hate my life and you can take it back

It is all yours

I need now peace

I know I can't get it

But atleast this fucking pain goes from me  
This feeling in the chest which doesn't let me live

Don't let my tears get wasted

Remember the deal, I cry, she smiles

Now she must smile for each tear I did spree  
So before the end comes you may take as many tears as you must

The more you take the chance of my coming just increases anyway

And that is what you want, right

So let me come now that hope is getting over

Let peace come and shower light over her

Show her the way

And end my pain

Make sure she never harms anybody else

And for our past relationship, take care of her!

PS: I know most people won't really understand this poem.

## *Enough*

I have been cheated

I have been robbed

How can you expect anything nice from me

When I myself am an victim now

I don't think it is fair

Do you think I will now actually care

Enough I have had

Enough is Enough!

## *Evil*

I have had enough

No more pain can I bear

Maybe soon evil I will become

Then my plea you will have to hear

Will you be able to take that

I don't think so

Let us give it a shot at least

Then we can make that...

## *Extremely Beautiful*

Saw you with your hair all open today  
And you looked beautiful, very very beautiful, I must say  
Was wanting to keep looking at you  
Don't really get to see much of you this way  
But knew, couldn't have it like that way  
Couldn't have it my way  
With not a hair tied down, nor wearing a frown  
You looked extremely extremely beautiful  
My words don't do justice, so pardon me  
But couldn't emphasize less, how beautiful you seemed to me  
Not denying that you don't look marvellous each day  
Nor saying that you were less pretty yesterday  
Just that each moment is so fresh  
Each glimpse so new  
Your beauty doesn't quite lemme say  
Enchanted I am, intridued by you  
I wish so much, I want so much  
But all that is rarely anything but you  
I hardly have words to say  
For you leave me in a spell bounded way  
God Bless the God who made you so beautiful  
All I can say to you, IS, IS that I love you  
More than I can ever say  
More than I can express  
More than more itself  
I LOVE YOU...!

## *Your eyes are the solution*

The atmosphere turns blue  
When you are near  
It tries to convey  
That you are genuinely very dear

Your depart from the environment  
Is what I fear  
No place in your heart  
Makes me scared

I don't mind a life full of anxiety  
If you are there to support  
I don't mind a grievous life  
If you are there to hold

In your eyes lies the solutions  
To all my problems  
To all of my pains  
To all my sorrows, everything...

*I want to serve her*

I wish I could serve her

And become her slave

Work for her, wake for her

Sleep for her, live for her

One dream, one life

Annie, that is it, nothing else

One goal, one spark

Making her smile is what I crave

I don't mind being treated like a pet

I don't mind doing all her petty work

Any treatment dished out by Ms.Sawyer

Is for me work divine

I want to be able to cook for her

And to bring her morning coffee

Do each work for her to the fullest

And to serve her loyally indeed

Please don't think that I lack self respect

Her happiness is what I crave

I want to make her smile

And serve her with my soul

I would love to dedicate this life

To her, and her and her offcourse

As a mistress I want her

As a mistress, so nice...

She is divine, trust me on this  
Her prettiness is real hard to find  
Though you still find really pretty faces  
A soul like this no where else exists

You wanna bet, please go ahead  
I am certain though  
You will never find a soul so beautiful  
So caring and kind

Despite the physical roughness which you often endure  
There is nobody like her, I am sure  
I would love her as my soul mate  
She is the one

So much I wish that I could share her pain  
Take them to myself and make her comfortable  
A gift of joy from my side  
Is what I wish for her

There may be many beautiful people  
As most people would comment  
But look inside her once  
I assure you, there is no way you will repent

Not that she isn't the best eyecandy for me  
The innocence in her eyes is my medicine  
Her compassion is attractive

She is truly the world's strength!

## *I love a girl*

I love a girl

Who has no emotions within her

I love a girl

Who thinks of none other than her

I love a girl

Who is empty on the insides

I love a girl

Who has no compassion in her heart

I love a girl

Whose soul is possibly lost

I love a girl

Of who nobody could ever melt, melt her heart

I love a girl

Who could never care less

I love a girl

Who takes undue advantage of God's kind gest(ure)

I love a girl

Who never feels any guilt, nor remorse

I love the girl

Who is more than just a stone at heart...!

## *I need*

A fountain of joy

Of eternal life

Of dreams, of hope

I need, tis right

Waters of love, of happiness

Her twinkling smiles

Her soothing essence

Divine presence, I need

An atmosphere serene

Laughter and smiles keen

Eternal happiness

Blessings for her, I need

I miss her

You can not doubt, I bet

Willing to dedicate this life to her

A fair chance: just one, I need

Memories sweet

A medicine divine

Comforting bliss

A place in her heart, I need

Her friendship, her company

Her trust, Her faith

A life to serve her

I need!

All that I need is her!

***I dunno how to tellya angel!***

I dunno how you would react

If I tell ya that I want to

Want to wash your feet clean

Want to pour water over them

Drink it then as if it were

As if it were amrit

Touch your feet

And feel blessed by a Goddess

I dunno how to tell this to you

Cz you would think I have gone crazy

Oh Yes I have angel!

But then how can your love not crazy

Afterall, you as a drug are so intoxicating

Ain't my fault angel

Ain't me faut

I dunno how to tellya!

I am Alone

## *I love you plenty*

Aaj tu bahut beautiful lag rahi thi Annie

Aur super fresh bhi

Innocent adorable darling hai tu sweety

Aur meri only chahat hai bhi

Tere liye hi raha hoon yaar

Mar bhi bas tere liye sakta hoon

Ek bar sunle yaar jo

Sunne ko main keh raha hoon

Tere pyaar main haal hua bura

Par dil ne tujhsa beautiful pehle kabhie na chuha

Tu he de only

De one & only

I love you my angel, plenty!

*I cherish your slap*

Once you said you will slap me

And slap me really hard

For some odd reason though

I didn't in the least regret

In fact I would be happy

If I could have your slap

In fact I would be glad

And really glad at that

Atleast you would touch my cheek

Be it only once

Atleast your warm hands would come near me

Be it for a slap

In fact I would rather

You slap me than abuse

And slap as many times as you want

And I will never refuse

Ahhh, so dear is your slap to me

Atleast it would comfort

And enchant me with magic

And that is a lot, it means a lot

But before all these thoughts

Come to my mind and place (themselves)

I wonder whether  
You would get hurt in this case

Coz when you slap me  
Your hand would pain  
And I can't take that  
Then all my happiness would be in vain

I would rather miss my happiness  
Than cause you pain  
I would rather you don't get hurt  
And make me upset instead

Your slapping might coz  
Your hands to go red  
Obviously that would pain me more  
Atleast a 100 times more

And then I would regret  
Even besides the pain  
Your mood will get upset  
And I won't be able to forgive myself for that

For then my peace will go insane  
I therefore don't want you to get upset  
Nor hurt  
Whether it means trouble for me, or it don't

But just had to express myself  
That I would love your slap

If it weren't for your mood  
And delicate hands to tolerate the slap

I know if you ever read this

You might even slap

Whenever you next see me

But please don't forget

I had no intention to hurt you

Just to tell

That I would cherish even your slap

Coz it is a part of you!

## *You*

The atmosphere turns blue

When you are near

It tries to convey

That you are genuinely very dear

Your depart from the environment

Iz what I fear

No place in your heart

Makes me scared

I don't mind a life full of anxiety

If you are there to support

I don't mind a grievous life

IF you are there to hold

In your eyes lies the solutions

To all my problems

To all of my pains

To all my sorrows, everything..

***You are perfect***

You are perfect

You are perfect

And I don't doubt that

Coz believe me, you are

And I am sure on that

The way you walk

Whatever you talk

Whatever I see

is so perfect

You are as graceful, as grace as can be

Your dress is right

Your hair are long, and nice

And you are prettier than any girl can want to be

Your expressions are so unique

And Your presence just amazes me

Now I am sure it is magic, you are magic

For a celestial music enchants me

The way you think

I bet not many can, oops, only you should

The way you write

I am surely your fan for life

Please do not worry

Coz I am not trying to flirt

Just expressing my feelings

Please do not get hurt

You do what is best

For not many may know, nor understand

But trust me, I do

And believe me, you are indeed perfect

Whatever I see, whatever I learn

Whenever, where ever

There is no one to replace you, ever

Can anybody else be perfect?, NEVER

You are perfect

I know I am not

But please don't shoo me away

For I still want to be (around you)

I know you are the best

And I am not

But I promise you to try my best (for you)

And support you (forever)

I won't forget the way you walked

The grace you showered

The grace that you possess

Nor your appearance,

When I wonder

Whether I will remember this for the rest of my life

I get scared

For I feel tears might fill up my eyes

And then I feel

That how will I live

If these memories stay with me forever

I don't want to lose them, no

But I can't stay with these memories

And only me and them

And without \*whose\* the memories are of

And I don't want to cry like that, like that...

I really get scared, I really do

I can't imagine and nor do I want to

I can't take the pain, no I can't

And I don't want to see such an end

Yet I can bet

You are as perfect as perfection can be

And one thing, please do remember: Perfection doesn't define you

You define perfection!

## ***You are God***

Yaar please door mat ja

I know youare tired

Of being repeated the same

But what choice do I have dear

That's all which makes my heart pour

Kisi aur ko to dekhna bhi nahi chahta

Kash aisi jagah jaa sakte hum

Ho na jahan aur koi

Jitna test chahe karle

Full marks layunga hai garuntee

Tujhse koi kahan hai yaar

Tu hi zindagi, tu hi mera jahan

Tu hi rab, tu hi khuda hai!

## ***You are Beautiful***

There are many pretty faces in this world

But you are the prettiest of them all

Even the greatest of attractions

Compares with you like a cold star

With your hair all loose

You look really cute

Yet beautiful, very very beautiful

Beautiful indeed

You look pretty with them tied up

But still beautiful

Attractive and graceful

## ***You are so beautiful***

Jab tu cute lagti hai

Ek innocent si feel cha jaati hai

Pata nahi kya ho jata hai

Teri smile ko taras jata hai dil

Jadoo feel hota hai jab tu pretty(hamesha) lagti hai

Bahut hi different lagta hai jab tu pass hoti hai

Sab kuch alag lagta hai

You are too beautiful

Tere hands realli graceful hain

Tera style bilkul a Annie style hai

To say the least ek inspiration hai

And everything about you is so beautiful

I hope tu meri poem ko mind nahi karegi

Agar tu isse padegi, that is

Bhool nahi sakta tujhe,

Cz u r da only one ever I thot was perfect

Tu mane ya na mane

You are perfect, perfectly beautiful

Beautiful to perfection

You are beautiful!

## ***You are beautiful II***

Once again I say

You are Beautiful

Believe me angel, you really are

Never before have I seen

Something so beautiful

Something so divine

Something this intoxicating

Is and was always, hard to find

Oh sorry for my mistake

IMPOSSIBLE to find

Your pretty face, smiling lips, cute laughter

I can not forget

You are my medicine, the only one

You are my peace

Else I stay in pieces

Your beautiful smile is a common remedy

To all my problems a common solution

Please angel, I need you

You are too beautiful, just toooo...

I need you, believe me I really do

Your eternal beauty

Divine sense, peaceful essence

Symbolises my presence!

## *Yaad*

Teri yaad aa rahi hai yaar bahut  
Rone se darta hoon  
Prey nahi kar sakta hoon  
Dost mere pass hai nahi  
Kuch kehne se katarata hoon  
Tereko bata nahi sakta main  
Ijazat nahi, tera peace door kar main nahi karunga  
Tera blog tak visit kar nahi sakta  
Teri profile bhi visit nahi karna chahta  
Tera hal chal hi koi bata de yaar  
Aakhir mujrim ko bhi to jail main guest visit permit hoti hai  
Mana ki main mujrim hoon aur meri saza kat rahi hai  
Par yaar itna cruel to jailor bhi nahi hota na  
Na mil sakta hoon, na jhalak sakta hoon  
Na sun sakta hoon teri aavaz  
Jaise ki, bata bhi nahi sakta  
Meri punishment kab tak chalegi aur  
Zyada din na chale yaar aur nahi to, NO  
Yaar thoda to soch meri bhi  
Punish kar, par reham bhi to kha  
Na apni mann ki baat bata sakta hoon  
Apne blog par khud post nahi kar sakta hoon  
Meri freedom to jaise apki hi muthi main hai  
Mind nahi kar raha main  
Tumko poora trust karta hoon  
Jaan hi lelo meri  
Tumhe woh bhi gift kar dunga  
Par aisa mat karo yaar

Ya jeene do ya maar do

Par aisa torture mat karo yaar, I feel like saying that I beg you!

## ***Your Inner Beauty***

Don't listen to people

People do not know

Don't listen to evil words

They truly aren't meant for you

They know not what you really are

Maybe some point a finger on those grounds

They can't catch even a glimpse of yours

Your inside they don't seek to know

You are kind, and one of a kind

A compassionate dame

With lots of glorious fame

Who else knows how much you really care

Try to see from my eyes

Then you would know

How beautiful you are

From both the sides, who else knows

Sometimes I know

You turn a little here or there

But just listen to your hear

do not ever fear, nor hear

If ever you need

The person who does respect (you)

Just turn to me

Just turn to me

## *Your eyes are the solution*

The atmosphere turns blue  
When you are near  
It tries to convey  
That you are genuinely very dear

Your depart from the environment  
Is what I fear  
No place in your heart  
Makes me scared

I don't mind a life full of anxiety  
If you are there to support  
I don't mind a grievous life  
If you are there to hold

In your eyes lies the solutions  
To all my problems  
To all of my pains  
To all my sorrows, everything...

## *Void*

I don't blame her

I don't think it fair

Cz it isn't her fault

So I can't blame her

A place in the chest

A space in a person

That we often call 'Heart'

Is replaced in her by a void

A void, plain emptyness

No feelings there, no pain, no loss

An anesthetic paste applied there

Making it feel cold and hard

Not her mistake

Cz she is born like that

No matter how much she tries to care

No feeling ever enters over there

She tries again and again

To feel humane

But her tries only end till there

For there is not a heart there

Some people are born without hands

Some without eyes or other senses

What can she do

If God gave birth to her without a heart!

So I don't blame her!

PS: Now, I hope you understand :(

## *Use Me*

vani each mass of my flesh

Each drop of my blood

Each inch of my skin

I gift it to you

Feel free to use me

The way you like to

Feel free to tear me apart

As if to you I belong

Let my skin protect you from the winter cold

Saving your skin from the frost

Burning my flesh with only pain, no fun

Afterall, all I deserve is pain, no love, right

Drink my blood to quench your thirst

Suck it all up, let it flow down your throat

Will make you feel warm I promise

Will ki my senses slowly, acknowledge

I would have asked you to eat my flesh

If God didn't claim non-vegetarianism a sin

Yet do whatever you want with it

Afterall, you are the deciding one

Use my soul to dump your sins

Use it to fill your life with joy too

Let me burn, cry, free me emotionally

I am just your toy, afterall

Do whateevr you want with me

I will do whatever I am told

But please don't stay too far away

Cz that way of life I don't wanna hold!

## *Ur Happiness is all that counts*

Thodi hope ab phir jaagi hai  
Dil main aas phir ayi hai  
Tere khalayon mein duba hua hoon  
Teri muskan ke liye tadap raha hoon  
Yaar mera dil pehle se hi ghayal pada hai  
Bechare ko aur mat sata  
Ab maan bhi jaa  
Tu jo kahegi karunga  
When I say anything, I mean anything  
Sirf ek chance hi mang raha hoon  
Ek baar dede yeh moka  
Nirash hone nahi dunga  
Infact, tu khoon mangegi to tujhe  
Woh bhi de dunga  
Agar teri pyaas mere khoon se bujhti  
To mere badan ka ek ek boond khoon choosle  
Dard hoga, taklif hogi  
Par teri khushi ke liye seh lunga  
Jaan chale jaye to kya  
Teri khushi ke liye kuch bhi seh lunga  
Bas apne se door mat kar yaar  
Rab se yeh hi dua hai ki  
Tu khush rahe, aabad rahe!

## *Ur Eyes*

I once saw into your eyes  
And saw them go really deep  
Down, down, and further down  
Still way to go, you frowned

An infinite ocean lies within  
As deep as deep can ever be  
Soothing and quiet, tranquil and light  
All that a soul could ever need

The silence within has much to say  
It silences all yet taking away all the pain  
Such are your eyes my dear  
Such are you eyes!

*Until then.....*

Still can't believe it

That my wish will come true

Someday I knew it will

One day I know, it will

Why can't I believe in it

I do not know

Why can't I celebrate my success(will be)

I am not too sure

How long do I have to wait further

It seems like ages have already passed

Is this long wait all that necessary

How will it help me, I ask

I work, I wait

From morning to end

Until the day comes

And you be my girlfriend!!!

## *Understanding*

I asked for a chance

A fair and just one

I begged no end

Yet just saw a NO answered on my face with no repent

I asked for mercy

To spare my life, to let me live

And not let me die

I begged her, I did

She rejected my friendship

Spitted on my love

Crushed my niceness

And left me dried up and sucked

What was my mistake may I ask

Ohhh, how did I forget

I don't have the right to ask my mistake

All I am allowed is the right to live my life sentence

I begged her, wouldn't have minded becoming

A servant or her slave

But no, she kicked me hard

No mercy or kindness anywhere, anywhere

All I ever asked was justice

No more no less

Her terms and conditions

But still I was treated like an inhuman object

Assuming I have no feelings

And am just non living matter

She didn't show a drop of mercy

Not even a drop

She doesn't care I live or die

Ooops, I am sorry, she does

She wants me dead

My pain probably brings her peace

My sorrow gives her joy

My tears light her face with a smile

So she probably will be happy on seeing me dead

I don't really mind, if that is what she wants

I just feel sorry

That I couldn't fulfil her wish

And had to live instead

I am sorry for living, maaf karde mujhe

I know she doesn't care

Whether a guy suicides

For all she cares, may anybody die

As long as she is happy, the world can get fucked and bye

You really won't care, would you?

Tell me, why are you doing this to me

What is my fault

Tell me

Did I ever be impolite to you?

Did I ever disrespect ur emotions?

Did I ever be unkind or unjust to anybody?

Did I ever hurt u?

I agree that I was annoying

If you say so I mean

But please do consider giving me a chance

One last chance is all that I plee

If I fail, a bit, even one bit

I will forever leave

And return never again

But please give me justice

You talk of understanding

I respect ur feeling

But did you show any understanding towards me

And when did I not show towards you

Now I know you feel like I am blaming you

But believe me I got no choice

I don't want to utter a word against you

***Arre baba, I love you***

I respect you

I understand you

I don't accept crap about you

And I will always be there for you

But please let me live

If not, then please kill me

But don't destroy my life like this

Samajh ja yaar, kitna tadhpoyogi tum mujhko!

PS: Sarcasm has been used, I apologize if it disturbs you. Par frustation main choice hi kahan thi, aur haan apke against frustation nahi hai. Have a nice day!

## *I Thank You*

Thank You for giving me a chance

Guess I just wasn't worth it

But I really didn't know what to do

Please forgive me for this way

Thank You for being there

Yet nobody ever saw

I know this may seem weird

But this is the way it was (and is)

Thank You for the time

I didn't want yours to get wasted

Thank You for the effort

And I hope I make it worth it (hmmm)

Thank You for you taught me

And taught me like no other

Without saying a word

Without whispering a letter

Thank You for you all did

Thank You for the care

Another thanks for making me happy

And I just hope I do the same (ie. make you happy)

I don't know how to stop thanking

For you changed my life

I don't know how to return the favour

And make your eyes shine, and lips smile!

*I need*

A fountain of joy

Of eternal life

Of dreams, of hope

I need, tis right

Waters of love, of happiness

Her twinkling smiles

Her soothing essence

Divine presence, I need

An atmosphere serene

Laughter and smiles keen

Eternal happiness

Blessings for her, I need

I miss her

You can not doubt, I bet

Willing to dedicate this life to her

A fair chance: just one, I need

Memories sweet

A medicine divine

Comforting bliss

A place in her heart, I need

Her friendship, her company

Her trust, Her faith

A life to serve her

I need!

*I love you*

A thing of beauty

That is you

A thing so divine

Can be no other than you

Each waking moment

I wanna think only of you

Each second I am asleep

I wanna dream of you

You mean the world to me madam

This is obviously an understatement

Not trying to annoy you princess

Believe me that is true

Dunno is this a poem

Or does it sound like a song

All I know is one thing, that is

I LOVE YOU!

***I LOVE YOU!!!!***

A cute fairy

A dreamy bliss

An angel beautiful

A girl so pretty

A woman so dynamic

A person so pure

An ever blossoming kiss

Missing who I can not risk

I will love her till time is no more

I will be for her until I wore

I LOVE YOU!!!

## *From Kiss to Queen*

I wish I could kiss your feet

Hold your hands, and dance to the beat

A soothing effect you have on the senses

Seeing you makes me so fresh

Each moment in your proximity

Is so very precious

Don't know what magic you have around you

That makes me so drunk

The drug I am intoxicated with

Calls herself you

Now, I am under your control

Can't help, but say, YOU ARE PERFECT(knw sorta random)

Why can't we just run away and hide

Hide from this big bad world

Hide amongst ourselves, hide each other

Surely, the divinity within you

The divinity within you

Will still then reside

Your innocence will then

Never bid bye

You make me feel so complete

Even when you are not around

Together we could be so happy

Won't it be atleast worth a try

Our innocent princess

Has turned into a young lady

Amazingly beautiful woman(both by heart and by looks :) )

An early indication, of our Queen!

I love you plenty

Aaj tu bahut beautiful lag rahi thi Annie

Aur super fresh bhi

Innocent adorable darling hai tu sweetie

Aur meri only chahat hai bhi

Tere liye hi raha hoon yaar

Mar bhi bas tere liye sakta hoon

Ek bar sunle yaar jo

Sunne ko main keh raha hoon

Tere pyaar main haal hua bura

Par dil ne tujhsa beautiful pehle kabhie na chuha

Tu he de only

De one & only

I love you my angel, plenty!

***URMA No1!***

Your complexion is the colour of gold

Your eyes retain purity previously untold

Your cheeks are softer than any cloth sold

Your lips speak sweeter than ever the sweetest thing known

Your nose is particularly cute and kissable, I must say

Your palm is warmer than the Sun, just btw

You are more beautiful than any Goddess, any Angel

You mean the world to me

I dream of you, I think of you

For me u r de only one

URMA No1!

## *U R Fun*

Playing wid u iz fun

Fooling arnd u iz cool too

U cn make anybody's day I bet

By jst being a frnd, that oo

U cn bring a smile

To dreary and tired lips

U cn make anyone laugh

Washing his tears with bliss

Flirting wid u, must be awesome

Good time u cn spend I know

Wid anyone, jst anyone

Although u may not even know(him)

A complete stranger I mean

U R FUN

Maza ata hai bahut

Itna sirf tere saath, jst wid u

Yet tu bhi janti hai

Right???

## *U r fasting*

You haven't come

Maybe u r fasting

I can't tolerate ur guy here

Cz he ain't with u

Wen u need him the most

All u prolly need today is his company and support

I see no excuse

Y he shdn't be with u

Wen u r literally letting ur life drip out

And bearing the pain surely

I am not conservative

In my opinion u din't realli even need to fast

But if a girl has to do it

I see no reason y her man should not

Not saying that I ain't jealous

Sweetheart I am burning in hell

But I feel so ashamed

For when 'u' care so much for someone

And he don't reciprocate it fully back

Ain't trying to accuse

I know I have accused you

But have I ever abused

I know I may have hurt you

But did that choice I hold

I know you don't want me around

I know you would rather have me far

I know you can't show towards me compassion

And trust me angel, I understand you

Cz I really do

And I still love u more than a devotee to his Sun

I understand how you feel

In ur shoes I might probably have acted the way you have done

I know how caring and selfless

Sometimes you can be

Super caring is what you always be

I know there is no substitute for you

Neither living nor dead

I am sorry if I hurt you

But pleaae don't doubt my love madam

Had my love not been genuine

Why would I ever fast

I don't think that I fasted for you

I fasted with you

I can't drink a drop of water

When my love is feeling thirst

I feel so ashamed

How would I ever forgive myself

No matter what I ever said

Just believe these words

There is no one like you: NEVER

And I LOVE YOU!

And will do so FOREVER!

Ain't trying to abuse

Please don't be offended

Jst dat I dn't feel right!

## *Tere Liye*

Tujhe dekh nahi sakta  
Teri aavaz sun nahi sakta  
Tujhse baat nahi kar sakta  
Par ek pal bhi tere bin kaat nahi sakta

Ghutan jo hoye kabhi  
Batane tak ki ijazat nahi  
Apne dil ki baat tak bol nahi sakta  
Apni feelings tujhse share nahi kar sakta

Yaar teri yaad aati hai bahut  
Dard hota hai bahut  
Tujhe miss karta hoon  
Bas ek hope ke sahare zinda hoon

Yaar aisa zulm mat karo tum mujhpe  
Yeh hi dua karta hoon ki tere saath aisa koi kabhi na kare  
Nahi to uske liye acha nahi hoga  
Par mujhe bhi to insaan samahj na re

Kyun kar rahi hai aise  
Tera dushman hoon kya  
Kher, tere bin jee nahi sakta  
Waqt namak pani pee nahi sakta

Kash es zindagi ko mita sakta  
Aur es zindagi ke kadmon pe bicha sakta(tere kadmon pe bicha sakta)

Kamsekam tere kaam hi aa jata

Kuch kaam hi aa jata!

Karun to kya  
Neend to aati hai

Par so nahi sakta

Dard to hota hai

Par ro nahi sakta

Dar to lagta hai

Par batane ki ijazat nahi

Tujhe apne dil ki baat samajhana to chahta hoon

Par samajha nahi sakta

Tere chehre pe muskan lana to chahta hoon

Par hassa nahi sakta

Tere dukh bhi har nahi sakta

Pata nahi kuch kyun kar nahi sakta

Tujhe apni khushi kyun nahi de sakta

Tere gham kyun le nahi sakta

Teri dosti pana to chahta hoon

Par pa nahi sakta

Hai Malik, reham kar!

## ***Ka! Ho Na Ho***

Jab kam kuch nahi karne ko

TERi yaad hi chali aati hai

Kabhi yaad karati hai

Kabhi mann behlati hai

Aksar dukhi bhi kar jati hai

Kash tujhe entertain kar sakta

Kash tera kuch samay apne naam kar sakta

Kash hum kabhi saath hote

Bas yeh hi soch sakta hoon

Pata nahi kya karun

Jiyun ya marun

Aasan to kuch bhi nahi hai

Mann to donon ka hi nahi karta

Haan, dil zaroor kehta hai

Kuch aur time, Thoda aur time 'Jile'

Kal Ho Na Ho!

## *Kaise*

Kaise logon ko pharak nahi padhta

Kaise koi jiye ya mare

Dil ko zara bhi nahi chubhta

Kaise kisi ki zara bhi parwa nahi

Kaise woh sirf apne baare main hi soch sakte hain

Kaise zakhmi ko dava tak nahi de sakte hain

Kaise rote hue se zara bhi hamdardi nahi

Kaise muft ki khushiyan bhi woh lutta nahi sakte

Kaise dusron ko tafleef pahuncha koi nahi sakta hai

Kaise, bina soche ki unhe kya multa hai

Kaise koi bhool sakta hai ki agar unke saath wahi hota

Kaise nahi sochte ki unhe kaisa lagta

Kaise soch nahi sakte ki dusre pe kya beetegi

Kaise nahi samajh ata ki kisi ka kya hoga

Kaise kisi ko destroy hone de sakte hain

Kaise kisi ko moth ke ghat utarne de sakte hain

Kaise halka sa bhi guilt nahi

Kaise, Kaise, Kaise??? Kaise unke pass insaneet nahi

Kaise woh insaan nahi?

## *Jst like dat*

God knows kyun tu mujhe gaaali deti hai

Maine to kabhi kuch nahi kiya

Galti kya hai meri

Dekha jaye to, kuch(gali) to deti hai

You said chutiya

God knows kyun, par acha laga

Sach mein acha laga

Par chutiya nahi hoon

Tu jab SHUT UP bolti hai

bolti band ho jaati hai

But still, stylish lagta hai

Aur tera style mujhe realli acha lagta hai

Dunno, shayad tu mujh par hasegi

Not bad waise, atleast smile to karegi

Mere liye nahi to apne liye to karegi

Kabhi to karle yaar

Yaar tujhe angry nahi karna chahta tha

Gussa nahi dilaunga

Chup ho jayunga

Jo tujhe chahiye woh teri permission mile to karke dekhayunga!

*Iz Annie*

The owner of the world

The queen of beauty

The leader of humanity

The inspiration to glory

The medicine of every pain

The drink of the thirsty

The Goddess divinest

The purity soundest

The lady kindest

The voice nicest

The intelligence respect worthy

The effort commendable

The reason of my life

The only wish I desire any more

The only one I love the most

Iz Annie!

*It will happen next*

Months down the line

We will have a new beginning

A happy ending and a beginning too

I just can't wait that long

Am anxious and worried

For right now you are like gone

When will it happen

How will it happen

I want to know

I am a fool

Or do I just find it hard to believe

That a miracle is about to happen

That that much happiness does exist

I really find it hard to believe

But I know it has to happen

It is true

It will happen, It will

Soon it will.

It was beautiful  
Months down the line  
We will have a new beginning  
A happy ending and a beginning too  
I just can't wait that long  
Am anxious and worried  
For right now you are like gone  
When will it happen  
How will it happen  
I want to know  
I am a fool  
Or do I just find it hard to believe  
That a miracle is about to happen  
That that much happiness does exist  
I really find it hard to believe  
But I know it has to happen  
It is true  
It will happen, It will  
Soon it will.

## *It Pains*

It pains

I am sorry for disturbing you

And causing you pain

For upsetting your life

And believe me I understand you, and I really do!

I respect your feelings, your emotions and reactions

Though they cause me intense pain

But I don't blame you

Because it is not your fault

You are right, and will always be

But I hope, I just hope

That someday, you understand, or atleast try to understand: me

And see how it feels to be drowning in this pain

I don't want to hurt you, I don't want you upset

But I am ruined, ruined totally

Because I couldn't face you,

And hell, I still can't despite your giving me ample space

I don't have the courage,

Nor do I have the guts

But trust me, my feelings for you are as genuine, as can be

I have feelings, and it hurts, really bad

Your happiness is my happiness

And your sorrow is my pain  
But atleast try to understand me, once  
For I too am a living being, and I have feelings, and it pains

I understand you are finding it difficult  
And it is me who is at fault  
But won't you forgive a single mistake that I committed  
Or will you make me regret it for the rest of my life

It is not nice, to see you upset  
You appear angry  
And I can never forget  
That I disturbed your life, be it just for a second,

And it pained me,  
It really did  
For your sorrow is my pain  
And I just can't see you upset

I respect you and your emotions  
But I also request  
Please don't forget that I too am human  
And I too have a heart

Which has feelings,  
And it aches, and aches the crap out of me  
Am I an untouchable  
For you to treat me like dirt

I still respect you, and will always do

But it doesn't feel nice  
To be treated as if one doesn't have feelings  
Because it pains, and I can't bear it

It pains, pains,  
I respect your decisions  
But I am a human after all and I do have feelings  
And believe me, it pains!

## *Tera Time Pass*

Bahut din ho gaye teri tarif nahi ki

Baat tak nahi ki

Chutiya bhi nahi bola tune

Kisi ne apna muh tak nahi khola

Yaar miss karta hoon tujhe bahut

Tujhsa koi nahi

Woh style, tera style, annie style

Waisa koi style nahi

Tu realli cute hai

Sweet to itni hai ki diabetes kar darr lag jaye

Tere saath din kab raat main badal jaye

Pata nahi chal sakta

Teri thinking itni unique

Phirbhi solid hai, SAXY hai

Cheap to kahin se nahi hai

Dil ko achi lagti hai

Tu achi lagti hai

Log one of a kind hote honge

Tu to sirf one thi, hai, aur rahegi

I swear yaar, tu perfect hai

Teri innocence aur honesty achi lagti hai

Tera sarcasm bhi bada pyaara lagta hai

Teri gali main bhi teri cuteness reflect hoti hai

Par gusse main dangerous tigress hoti hai

Hasana try kar raha hoon kabse

Pata nahi tu kaise khush hoti hai

I hope main woh kar sakun

Aur teri smile ko tere chehre pe sada rakh sakun,

Wohi unki perfect place hai!

## Tears & Weeps

I still weep,

Tears are just away

From sweeping my cheek,

I still get freak(ed),

You still make me weak,

About you I like to speak,

For you I don't mind

Even giving one hell of a treat.

You are my silent streak,

You are still my peak,(ie.mission in life)

Yet in front of you

I can't speak,

Please talk to me with pleasure,

As you are my one and only treasure...

## *It is not fair*

Kuch sawalon ke jawab chahta hoon

Mind mat karna, par taal bhi mat dena

Tumne aisa kyun kiya

Kya tha mein kya ban gaya

Tumne mujhe bilkul badal dala

Kitna nice hua kartha main

(Sorry ki tumhe annoy kabhi kiya)

Par janvar to nahi tha

Tumne itni kadvahat mann main bhar di

Ki kya kahun

Kuch kahunga to tumhe bura lag jayega

Logon ko dukhi dekh kar kisi ko khushi kaisi mil sakti hai

Majbooron aur lachar ki madad koi kaise nahi kar sakta

Koi kisi ki jaan kaise le sakta hai

Koi kisi ki jaan ka malik ho kar kaise usse ek chance nahi de sakta

Koi itna behram aur pathardil kaise ho sakta hai

Ki shak ho ki dil hai bhi ki nahi

Koi itna dard kisi ko kaise de sakta hai

Tumne mujhe kya bana dal

Mere compassion aur caring nature pe kyun thuka tumne

Meri galti kya thi

Main innocent tha, mujhe fucker kaha

Par duniya gol hai

Dara nahi raha tumhe

Tumhe kuch nahi hoga

Happy rahogi tum

Aakhir apne siva kisi ki kadar kahan hai tumhe

Par duniya gol hai

Apni niceness ki price duniya se lunga

Insaaf hoga!

## *It is getting late*

Why are you doing this, tell me

Where have I you wronged

What is my fault, may I ask

What makes you hate me this strong

I cared, I still do

I love and will always do

I understood and respected

Tears in my eyes, yet humility for you fested(feasted)

Meri galty kya hai yaar

Itna to batade

Zindagi kyun bana di tune ek saza

Ishara hi kara de

I feel like committing suicide

I don't want to, I really don't

But I do hope that I die, soon

Else that would be the only choice left for me to do

I tried, I had hope, I gave it a nice shot

All you did was me supress

Mera gunnah kya tha

Aisi kya problem hai mujhme

Please mere yaar bacha le mujhe

Aur kuch nahi to insaaneet ke liye hi sahi

Jis tarah doctor mareez ko dava deta hai

Waise hi sahi  
Kahin der na ho jaye

*I love you I love you I love you*

I miss you so often

I am even scared to recall

Those memories could be damn painful

They may make me fall

This world is so unfair

Why did you do this to me angel

God is so uncaring

I hate it over here

Without you it ain't nice

Without you life ain't worth even a knife

You are the only symbol of love

You are my only devotion

I love you

I love you

I love you!

*I love the angel*

All day, all night

I think of you

No break, no respite

That's how I grew

Nothing else truly counts now

Only you seem everything somehow

Dunno how I will ever

Make you believe

Dunno how will I

Enjoy your trust now

Tis so sad for me

Iss very bad for me

I hope the angel in you

Now awakens, I hope she do

Cz I luv her I tell you

I love you both, I love you!

I love a girl

I love a girl

Who has no emotions within her

I love a girl

Who thinks of none other than her

I love a girl

Who is empty on the insides

I love a girl

Who has no compassion in her heart

I love a girl

Whose soul is possibly lost

I love a girl

Of who nobody could ever melt, melt her heart

I love a girl

Who could never care less

I love a girl

Who takes undue advantage of God's kind gest(ure)

I love a girl

Who never feels any guilt, nor remorse

I love the girl

Who is more than just a stone at heart...!

## *I have to wait*

Is the most crucial time of my life

And all I can do is sit and wait

I feel so helpless and in vain

Tired of life and tired of rain

I feel so miserable

Oh that is true

I am so scared

My face has turned blue

I am so upset and in agony

I feel like dying and making my life a tragedy

Let us see what is in store

Will there be life or will death spore

Whatever will happen is no longer in my control

I can do nothing but wait

While my time in the late

Get upset and get worked up

Fool around and worry myself out!

I dunno how to tell ya angel  
Is the most crucial time of my life  
And all I can do is sit and wait  
I feel so helpless and in vain  
Tired of life and tired of rain  
I feel so miserable  
Oh that is true  
I am so scared  
My face has turned blue  
I am so upset and in agony  
I feel like dying and making my life a tragedy  
Let us see what is in store  
Will there be life or will death spore  
Whatever will happen is no longer in my control  
I can do nothing but wait  
While my time in the late  
Get upset and get worked up  
Fool around and worry myself out!

I cherish your slap  
Once you said you will slap me  
And slap me really hard  
For some odd reason though  
I didn't in the least regret

In fact I would be happy  
If I could have your slap  
Infact I would be glad  
And really glad at that

Atleast you would touch my cheek  
Be it only once  
Atleast your warm hands would come near me  
Be it for a slap

Infact I would rather  
You slap me than abuse  
And slap as many times as you want  
And I will never refuse

***Ahhh, so dear is your slap to me***

Atleast it would comfort  
And enchant me with magic  
And that is a lot, it means a lot

But before all these thoughts  
Come to my mind and place (themselves)  
I wonder whether

You would get hurt in this case

Coz when you slap me

Your hand would pain

And I can't take that

Then all my happiness would be in vain

I would rather miss my happiness

Than cause you pain

I would rather you don't get hurt

And make me upset instead

Your slapping might coz

Your hands to go red

Obviously that would pain me more

Atleast a 100 times more

And then I would regret

Even besides the pain

Your mood will get upset

And I won't be able to forgive myself for that

For then my peace will go insane

I therefore don't want you to get upset

Nor hurt

Whether it means trouble for me, or it don't

But just had to express myself

That I would love your slap

If it weren't for your mood

And delicate hands to tolerate the slap

I know if you ever read this

You might even slap

Whenever you next see me

But please don't forget

I had no intention to hurt you

Just to tell

That I would cherish even your slap

Coz it is a part of you!

*I can't bear this silence anymore.*

When somebody is so close, yet so far  
When somebody can convey to you , yet refuse to speak a word  
When you 'like' seem to know somebody since eternity  
Yet get not a single chance to speak

I can't bear this silence anymore  
I come, I see, I listen, and I go  
This is too difficult to do, no more  
Yet I have no choice, so this is how I go

You come, a magic enchants  
I thank you and I thank God  
For that is all that means: to me, so far so gud, to go  
But I can't bear the silence anymore

I hear your melody  
And it is really sweet  
It comforts me a great deal  
Please do not let it retreat

I can't bear it, no more  
I miss each oppurtunity  
Alas, why am I so shy  
I sigh

The silence is now killing me  
Please do something (break it)  
I am unable to gut the courage for the same

So please...

Ooof, this silence will kill me!

Do something yaar, please...

*I can not live without you*

Each glimpse I catch

Is always too less

Leaving within me the thirst

For a jump in the quest

Though each look is so satisfying

So amazingly satisfying

But when time goes

The satisfaction goes too

Just like that

When you go, I will too!

## *I am there*

Whenever you need any help  
Even the slightest may it be  
Anytime you r not feeling all that great  
Wherever the problem may lie  
Whatever you may think or feel  
Even if u r jst confused  
Or want to fool around or play  
No matter what it is  
Serious or jst for gags not withstanding  
You can come up to me anytime  
I will always be there  
There to support you  
And will try my very bestestestest to make ur day!

## *I am sorry*

I am sorry

I am sorry for whatever I did  
I apologize for giving you trouble

I seriously didn't mean to  
And never will: I am sorry

I didn't want to hurt you  
I don't want you upset  
I didn't want to create a chaos in your life  
And nor did I want you to go all red(angry)

I didn't know that I was hurting you  
Believe me, I really don't want to  
I would rather cry endlessly than see a single tear in your eye  
I would rather shed tears to pay the price for your smile

I want to be there for you  
And not forcefully be placed  
Because I don't want you to feel uncomfortable  
And I am sorry for whatever I did

I didn't know that you reserved the right to be called by that name  
And I still remember it till today  
Because I did make you feel uncomfortable  
And I will never forgive myself for the same

If my wish were to be fulfilled

Your life would always be merry  
And I offcourse would cherish that  
For I never ever meant to hurt

I know I made big mistakes  
But please try to forgive me  
My apologies are true and real  
And I will wait for the fruit

Please forget those bitter memories  
Please don't let your mind wander  
For your time is too precious  
And I don't want to see you upset longer

I don't know if you would ever forgive me  
But I will surely be there(for you)  
And trust me my existence is there only for you  
And whatever I did, for that I feel sorry

How do I tell you that I really meant no harm  
How do I make you believe that it makes me uncomfortable to not see you happy  
How do I make you believe that it pains me to see you in sorrow  
But trust me, I will be there, always

I don't know what more to say  
Nor how to say  
But please accept my apologies  
And make them with you to stay

Please test me if you want

But don't judge me just like that  
Because I too have emotions and a soul which cries  
So please give me a fair and just chance

And I am sure you will be wise  
Offcourse it is your wish  
And I respect it by and by  
But don't forget that I too am human, and have feelings inside

I know I don't have the guts to speak  
But my mind still doesn't stop  
Please don't go by what things appear  
Please try to sneak deep inside

Again, I am sorry for I made you abuse me  
I am sure you consider me weird  
And you are right just there  
For it is me who is at fault, but I am willing to change(and already have)

I am sorry, very sorry  
And I pray that the Lord keeps you fine  
But if you ever need me  
Don't forget that I will help you just fine!

## *How many tears*

How many tears can  
Make your heart melt  
That many I promise  
I shall shed

But once that is done  
Promise me one thing  
That never again  
Will you sting my again

I hope something should be enough  
To halt this fallo(ie.forever)!

## *How Long?*

Missing you each moment

Thinking of you all the time

Dreaming in my dreamland

Which is now synonymous for you

Each moment seems to ignite a spark

Which may soon burn me in pain

Try to make my life in vain

Making me late, soon very late

How long should I wait now

How long angel, how long

Till when will I be able to bear

Bear, Bear your silence, bear my pain

Why don't you care a bit about my feelings

Why angel, why, why?

Why am I am untouchable

Why am I worse than an underdog?

I would loev to dedicate each second of my life

May each second be yours

On your feet I want to place

The world's happiness and glory

No peace, No rest

No joy, No love

Do I get

How long angel, how long?

## *How cold are you?*

Missing you each moment

Thinking of you all the time

Dreaming in my dreamland

Which is now synonymous for you

Each moment seems to ignite a spark

Which may soon burn me in pain

Try to make my life in vain

Making me late, soon very late

How long should I wait now

How long angel, how long

Till when will I be able to bear

Bear, Bear your silence, bear my pain

Why don't you care a bit about my feelings

Why angel, why, why?

Why am I am untouchable

Why am I worse than an underdog?

I would loev to dedicate each second of my life

May each second be yours

On your feet I want to place

The world's happiness and glory

No peace, No rest

No joy, No love

Do I get

How long angel, how long?

Isn't it time yet?  
Dear, enough is enough

Don't you agree, tell me

How longer am I to wait

No chats, no way to flee

I am getting tired

I seem to be weak

Do you want to make it worse for me

Isn't it time to end the fight

Isn't it time to let things retreat

Isn't it time for the climax

Isn't it time for my pains to be rewarded

Isn't it time for the legendary meet!

## *Is it fair*

Why do you purposely hurt me everytime

Why do you like you break my heart

Do I ever say anything

Do I ever interfere in your life

Why is that you need to do things that burn me

Is asking for even an iota of mercy in secrecy too much

Tell me, is it fair

How would you feel if somebody does this to you

You know you have broken my heart

You still keep my soul somewhat

You want to hurt me on and on and on

Endlessly to no end, when you know that I have broken already

Why do you do this, why

Can't you see that it is painful

You have got such beautiful eyes, you still can't see

A small favour I ask from you

You still can't give

Then why do you wanna take away things which were once mine

Things like my peace, my mind, my cool behavior

Is it fair angel, is it fair?

## *Intezaar*

Bahut likh gaya

Par lagta hai ki abhi likha hi kya

Kuch bhi to nahi

Abhi to bahut baaki hai

Sab baaki hai

Story begin hui nahi

Ending ka to koi nishaan tak ana baaki hai

Yeh mat sochiyo

Ki kahin chale jayunga main

Dara nahi raha main

Tu jab chahegi, wahan hunge

Justice ka to main intazaar karunga

Marun ya jiyun

Par akhri pal tak, karunga

Intazaar karunga

Apni jaan tere kadmon pe saja dunga

Moth ane ke pehle uska intazaar karunga

Kyunki tere bin ek pal bhi jee na sakunga!

I want to worship you  
I dunno how you would react  
If I tell ya that I want to  
Want to wash your feet clean  
Want to pour water over them  
Drink it then as if it were  
AS if it were amrit  
Touch your feet  
And feel blessed by a Goddess  
I dunno how to tell this to you  
Cz you would think I have gone crazy  
Oh Yes I have angel  
But then how can your lover not be crazy  
Afterall, you as a drug are so intoxicating  
Ain't my fault angel  
Ain't my fault  
I dunno how to tell ya!

## *Fish's Life*

This life of mine  
Is worse than that of a fish  
Cz my life treats me so fishy  
And just wants me to go

Such a nice experience  
It would be  
To live in an aquarium blue and green  
Swim in the waters of her house true

Magic it would feel  
To be fed each meal  
With grains of food  
Her hands which touched

Prasad I think I would call  
Each meal, and would surely love  
So divine and satisfying I must say  
With much affection in stomach filling too

I would wait for a glimpse of her  
Waiting impatiently and counting the seconds  
On the clock hung on the back wall  
I know it would make me anxious

But who cares  
The presence of an angel has so much to say anyway  
Being cared by her itself feels like something

Each meal by her too makes life so exciting

Above all I know there is only one point that I conveyed

Being cared by her means everything

And that is exactly what a fish would get

So, a fish's life ain't bad afterall

I know even if I were to turn a fish

She still wouldn't accept me as her pet

But one good thing that I have more to say

Iz dat, Atleast she could find a way

A way to kill me

On her hands I would love to die

Gasping for my last few breaths

Outside the waters offcourse

She could easily pull me out

Out of her wonderful aquarium

Trembling and gasping for breadth

Whilst feeling the warth of her hands

So comforting and nice, so pleasant

Atleast the end would come in peace

Atleast it would be on an angel's feet(or hands)

Gasping for breath, I would die...

PS: Now I write this poem for I want my 100th poem to be something special. Not that I compare myself to a fish(I can for you though), just that I wanted to express my feelings, that even death on her feet or in her hands is >>> than life like this. I hope you understand. :)

## *How can I call her human?*

A stone at heart

Sometime has to melt

Give her much love and warmth

And the stone will turn to vapour with stealth

But, what if there is someone

No amount of love to her affects

Nothing you do for her ever has any effect

The stone just grows harder and stronger

Colder and fiercer the more niceness that she gets

Should I not call her heartless?

I don't want to, I really don't

Tears fill my eyes, cz I don't want to

Had it not been for the people around

I might have even cried

Had it not been for the restrictions

All limits I might have broken

Maybe without even thinking twice

But a stone no matter how hard

Cannot survive infinite warmth

When no warmth has any effect

Obviously a heart within is not found

When somebody really don't care

Feels 'absolutely' nothing at all

How can I not call her inhuman

How can I call her human(e)?

## *Forgive me for my frustrations*

Why can I not feel now

The familiar feeling of compassion

Which was once aroused

With each daily start(/tart)

Why does my heart now think

Only of being a devil

Peoples pain no longer seems to affect me

Making me a pioneer of the evil

Others grief at best gives me joy

Their pain I don't really give a damn

Though I want that compassion back again

It all seems like a distant bubble

Why doesn't my heart skip a beat

Or fears from doing sins

Why does the future seem so bright

Yet so faded away as a white cloth

The reason for this change is obvious

I hate to have it break

The bitterness you left within me still stays

I never seem to get a break

The frustation that is now within me

Is enough to turn a God into a devil

The sorrow that you have bestowed on me

Makes my life as easy to flat as a thin bubble

I no longer feel towards others, just like you

And I don't like it this way

So much insensitivity is seldom found

And the minimum punishment should be DEATH

Not for you, but for me

You made an insensitive guy out of me

The bitterness still lives on

I deserve death I believe

And even that I have not got

I wish I could die

Take a long sleep, really long

God bless you, I wish he does

I deserve to live no more

On that I am sure

Still life doesn't stop

Neither does spare

I know this doesn't really affect you

But to any other person it does

Not everyone is so talented as you

Born without a heart, not even a soul too

Why did you make a living dead out of me

You could have simply murdered me

But you chose to torture the crap out of me

Do painful screams of people give you joy

How the fuck can somebody get happiness

From the sight of a man thirsty dieing

Even a devil is better than this

He atleast helps sometimes

And we call him heartless

So what should I call you

All sorts of inhumanities you try to dish out

Offcourse, you are hardly human

So you don't give a fuck

But each deed of yours is a pain for me

Yet you just get stuck

In my desperation and anger

I am forced to say all this

I still love you

Hell, I can die for you

I want to break the crap out of someone who mutters ill of you

But yet I got no choice

I want to express myself

And the truth comes out someway or the other

Just wait, you will see!

## *How are you, Princess?*

Why did you make a living dead out of me

You could have simply murdered me

But you chose to torture the crap out of me

Do painful screams of people give you joy

How the fuck can somebody get happiness

From the sight of a man thirsty dieing

Even a devil is better than this

He atleast helps sometimes

And we call him heartless

So what should I call you

All sorts of inhumanities you try to dish out

Offcourse, you are hardly human

So you don't give a fuck

But each deed of yours is a pain for me

Yet you just get stuck

In my desperation and anger

I am forced to say all this

I still love you

Hell, I can die for you

I want to break the crap out of someone who mutters ill of you

But yet I got no choice

I want to express myself

And the truth comes out someway or the other

Just wait, you will see!

## *Heaven's 'Inferno' sans you*

Annie, why do you make me suffer

Why do you make me cry

Why don't you consider me a human

Or atleast a puppy even

Sweetheart, you are sweet

Really sweet, really really sweet for me

On your feet I wish to live

An eternal life meant to serve thee(you)

I wish a river of tears could flow

Out of my eyes

Washing your feet, cleansing my soul

Being converted to the Devi's prasad

I want to be there for you

I want to love you the same always

Be there before you call

And leave not even after a merry overhaul

My spirit will rest in peace

Only in the essence of your presence

Hell is preferable to me avec you

Else even heaven seems a terrible inferno!

## *Heartless*

Tears nearly fill up my eyes

When I think that you

Care not of a dying person

Don't mind him succiding too

How can somebody be so insensitive and cruel

Not giving a damn of a boy about to succide

Not caring whether somebody lives or dies

Over, gets happiness in making somebody die

I know you will party

Party really hard

The day I will die

How can somebody be so cold, colder than frost

So unkind and pain giving

Others tears giving happiness

People's joy filling her with regret

Each tear giving joy

More dangerous than any worldly toy

How can a human life be so invaluable to someone

Somebody's happiness be so destructive

Why does my happiness give you so much trouble

How can my pain bring you joy

Hell, do you even know what Humanity is

I really doubt, seriously

You see me cry, my tears flow, I scream

The pain flows in me, enough to make even ice melt and flow

But no, if somebody doesn't have a heart

How can it ever melt

Even a stone will one day melt

And be one with the divine  
But if there is no heart, then what should I say  
Tears fill my eyes as I am forced to say this  
But may I ask  
Can you even spell the word right, 'Heart'  
When the devil was born and whenever he returns  
He plans to take his revenge on God  
Sparing none and none, but you  
You know why?  
He has to take his revenge on God  
In anything in which he sees God  
But he doesn't see God in you  
So you are safe, safest  
Seriously, tell me, what is the technique  
How can somebody's pain not affect somebody at all  
Come on even Hitler wasn't that bad  
You torture me each second, all the time  
Everywhere, anywhere, and make me cry  
I wish I could die  
I don't really want to  
But in such a world, with people as heartless as you  
What choice do I have?

PS: Now, I couldn't help it, there was too much bitterness in me. I had to say it. You won't ever read, so you won't be upset. I seriously had no choice, there was just too much bitterness in me that had to come out. And before blaming me, just read it once again (if u read it once already and hopefully you will not read it even once), did I say anything incorrect?

Ab realize kiya ki tujhe main no God keh kar kitni badi gali di thi tujhe. Maaf karde yaar mujhe, punish me as hard as you want, par maaf kar de. Choice nahi thi, jaise tu mujhe treat karti hai.

## *Hasde Yaar, plsss!*

Annoyed you kya?

Didn't mean to yaar,

Please do forgive me,

Ab Kabhi tujhe irritate nahi karunga, please yaar.

Seriously didn't mean to do this

Aakhir tujhe annoy kyun karunga

Humour to haan, kar bhi sakta tha or hoon

Aur tu moka degi to zaroon karunga

Sach kahun, tune mujhe jab Chutiya bola

Na jane kyun, par acha laga

Realli, felt nice

Kamse kam kuch to boli

Again, don't mean to make you angry

Main to tujko smile karte dekhna chahta hoon,

Not angry, not disturbed, never perturbed

But smiling, ever happy

Annoy kara to maaf kar de

Time waste kara to sorry kehta hoon

Hurt kiya to kaan pakadta hoon

Serious kiya to handstand kar leta hoon

Tu jo kahegi kar lunga

To jo chahegi kar dunga

Gussa mat ho yaar

Chance mila to tujhe hassa hi dunga, jst a chance yaar

Tujhe dosti nahi karni

Baat bhi nahi karni, mat kar

Par main to tera dost ban sakta hoon na,

Dost nahi, to tereko ever ready entertain to kar hi sakta hoon na, plsssssss!

## *Habbit*

Back again to my habit

Of writing you poetry

Am bored as I sometimes as

Annie in you I heed my soul

I love you, that is so

Therefore I bore this fro

I love you, I hope you knew

I wish you could love me too...

## *Guilty*

Your memories and their absence still reside

I can not forget you, no I can't

Neither do I want to forget you

Yet I can't live a life without you

We are far, very far apart

The distance is rather killing

No sound, no sight, no signal reaches you

And life seems dull and rear

I need you, yes I do

I need a life, and that is you

Please yaar mujhe maaf karde

Maine jurm kiya bahut bada

Bahut guilt hai ander

Itna zyaade ki lagta hai tujhe dekhne main bhi sharam aayegi

Saza do yaar, yeh guilt, oof

Saza do, maar, punish kar

Par es guilt se bacha le mujhe

Yaar jo marzi kar

Par door mat jaa

Tere bin sab adhoora hai

Kuch nahi pura hai

Dil baichen ho jata hai

Tera haal jaane ko kabhi kabhi betab ho jaata hai

Yaar mujhe thik kar de

Bakwas likh raha hoon, janta hoon

Par choice kya hai!

And yeah, one more thing, dn't slap me for this.

## *Glimpsing in Time*

Each glimpse I catch

Is always too less

Leaving within me thirst

For a jump in the quest

Though each look is so satisfying

So amazingly satisfying

But when time goes

The satisfaction goes too

Just like that

When you go, I will too!

## *Gift you my pain*

So nice it would be  
If I could ever come into use  
Get a chance to serve thee  
How wonderful it would be

You can use my skin  
Use it to protect yourself from cold  
To blow away the winter  
And the summer gold

As a luxury dress  
You can keep it  
So happy I would be  
When it would touch your soul

When my skin would touch yourself  
How nice my soul would feel  
Please don't think of any intimacy  
Only love should be told

My eyes can be made  
To cry your tears untold  
Endlessly, restly I will cry  
Taking the responsibility of keeping your eyes

Any pain that may be destined  
To fall unto you  
I don't mind sharing

In fact taking it from you whole and whole

Please gift me year

All your pain, all your sorrows, much more than I may...

## *Fruit*

Every day I face pain

Somebody is helping reduce the rain

I want to catch a fast train

Reach my destination, and forget this drain

I can not wait longer

I need you to make me stronger

This feeling, I like to live in

Only with you I wish to stay in...

My pen's ink is drying

I am tried of trying

My heart is burn from frying

Please don't leave me crying

I am waiting

As patiently as I can

Please make the fruit

As sweet as you can...

## *Fifth Poem*

Fifth poem for the day

Don't realli know what to say

Saw you a couple of times today, already

Feeling at peace and cheerful

Is more than I can say

Feels so nice

Just making you recall

Those beautiful moments

I cherish them so sweet

I wish I could take it

A little higher than

Than just a 'see'

Annie Annie Annie Annie

I would love to say all day long

Especially nothing comes to my mind :p

I would love to sing Annie Annie Annie, all along! :)

## *Insaaneet*

Yakin nahi hota

Kisi ko dard kaise hota nahi

Logon ko dard main dekh kar farak unhe kaise nahi padhta

Seene main dil hai aisa ho nahi sakta

Kisi lachar aur bebas par kaun mazak uda sakta hai

Kisi ke zakhm koi kaise jala sakta hai

Insaaneet ko is tarah kaun kuchal sakta hai

Logon ke pida se unhe farak padta kaise nahi

Kyun logon main dil nahi hota

Dusron ke gum ka ehsaas nahi hota

Kaise woh takleef de kar aise muskara sakte hain

Koi maare ye jiye se farak kyun nahi hota

Insaaneet naam ki koi cheez hai bhi ki nahi

Jeene main kuch rakha hai bhi ki nahi

Auron ko tadpake khud mast kaise koi reh sakta hai

Dusron ko sata ke bhagvan se madad kaise le sakta hai

Jalne wale bhi to un jaise hi hote hain

Koi farishte nahi, yeh kya samajh aata nahi unhe

Dusron ke taraf humdardi kaise nahi

Jahan unka koi nuksaan nahi

Wahan bhi karam karne main pareshani hai

Insaaf mangne walon tak aatm hatya kar jayein

Woh duniya insaaneet ke kya layak hai

Shataneent ka kya zamane aya hai

Logon ki seene main dil nahi

Aur ragon main pani bahaya ja raha hai!

understand.

## *Insaaf*

Yaar tumse pyaar karta hoon bahut

And I can on that swear

Ishq main duba rehta hoon

And that is all I care

Agar prove kardo mujhe

Ki pyaar mera sachha nahi hain

Wada karta hoon tumse ki kabhi face nahin dekhayunga

Bahut door chale jayunga

Wapis nahi ayunga

Mere yaar yakin maan

Tum mere liye important ho

I can swear by God if you want

Aapse important mere liye shayad ab khuda bhi nahi hai

My love is selfless and pure

And ur heart is my love

Ur face is my eyecandy

And u r everything for me

Aap mile to samajhlo duniya mil gayi

Par without u, apni life bhi kho dunga

Mar jayunga, aur jo bitterness ander hai

Usme pata nahi kya kya kar jayunga

Ek moka de do please

Sachha dost ban jayunga

Agar halka sa bhi fail hua

To aapki zindage ke 1Km radius main bhi nazar nahi ayunga

Par insaaf to karo na yaar

Es bechare sachhe insaan pe aisa zulm mat karo!

## *Tear me apart*

Annie each mass of my flesh

Each drop of my blood

Each inch of my flesh

I gift it to you

Feel free to use me

The way you like to

Feel free to tear me apart

As if to you I belong

Let my skin protect you from the winter cold

Saving your skin from the frost

Burning my flesh with only pain, no fun

Afterall, all I deserve is pain, no love, right

Drink my blood to quench your thirst

Suck it all up, let it flow down your throat

Will make you feel warm I promise

Will kill my senses slowly, acknowledge

I would have asked you to eat my flesh

If God didn't claim non-vegetarianism a sin

Yet do whatever you want with it

Afterall, you are the deciding one

Use my soul to dump your sins

Use it to fill your life with joy too

Let me burn, cry, fry me emotionally

I am just your toy, afterall

Do whatever you want with me

I will do whatever I am told

But please don't stay too far away

Cz that way of life I don't wanna hold!

## *Paying My Respects*

Feeling so bored

Got nothing to say

My love ain't close to me

She keeps quiet all day

We never ever talk

She says she hates me by the way

Silent words we often exchange

But no voice is heard, no voice is heard

I wanna keep thinking of her all day long

Tis so nice and comforting

I wish I could serve her

Reduce the distance which exists till today

Without her life has nothing to look forward to

Life seems so dull

In hre love seven the gravest of pains

Has something realli nice to tell

An anxious chest, a throbbing heart

The pain of love and memories sweet

Iz so frigging awesome

I must say

She is the only, the only one

The soul divine, the beauty eternal

Her cute smile I can't resist

I can't refuse her anything, whenever she insists!

## *Pain*

Today a peace unique was found

A longtime, since maybe never

But a burning again revived

This time worse than ever

Deep, deep, really deep down

Agitating my soul, making me feel worse than ever

A gallon of pain

Hardly a bit of shame

My blood went blue

So shouldn't I too

I can not bear, I fear

You still don't care

So what do I do

It feels as if a hole is being dug

Dug deep down, moping my heart

Ruining my soul, sucking my blood

Cutting the crap outta me

A thick blunt needle

Yet hot and stingy

Passed through my heart

The pain is just so unbearable

Extreme anguish and anxiety surround

The weird sensation in the chest seems around

Long sleeping hours

A desire to sleep, and get up never

Now cleanly sweep

I am hurt, badly shaken

My soul is crying

Tears in my eyes, yet nobody caresome

My life is tormented

But you still don't care

I do not wanna live any more

It doesn't pinch you even a rare

What worse can things get

Is there really anything to fear?

Tends to...

## *Opportunity*

I know oppurtunities too many

You have given me to streak

Don't know what happens

I just can not speak

I know the fault isn't yours

I am the one to blame

Maybe I pause every now and then

Rest of the time I hesitate

Cz I dunno what might take you aback

I dunno what you might not quite appreciate

I want to see ur happy and cheerful

Hope that I don't end up in a miserable fate

If you really want it that way

I could well even ask you out

Scream it across the table

Stand up in front of the whole world, no problemo

But then ur answer makes me flat(e)

I will do justice

I on that note promise

Ur chances won't be wasted

Just stay happy, and be kind

And once more, YOU ARE BEAUTIFUL...!

## *One Day You Will Be Mine*

One day you will be mine

And just mine, I hope

Together together we might be all along

And I hope that day is now close

Each waking moment

Is now dedicated to you

All my desires and wishes

Are centered about you

Every possession of mine

Now belongs to you

Loving and living for the same

Everything is about you

Has anybody ever loved anyone so much

Can anybody care for somebody like this

I know I can

And I hope one day you do too

(For me I hope, For me...!)

## *Numb times*

Sometimes I feel so numb

My heart feels so, how come

It does not feel good

However its need is understood

At least it does not pain

Half as much

Maybe I am able to rest

Only that time, as such

It does not feel nice

However there is nothing

No other escape from pain

I don't think I knew(ie.know)

Please help me in this time

In this time of distress

Please take my side, please

Please do it with some zest...

*Now this is cheating*

Tired I am

Fed up, waiting

My heart is aching

Will my fate soon change

I am still waiting

My pen's ink is drying

My heart is cracking

I have had enough

Now this is cheating...

## *Fear*

I am still waiting for you

Please do not forget me

Please don't think that I don't care

I still love you my angel

Just like I used to

On that I can swear

Please do not neglect me

When I come near

Please don't make matters worse

That, I really fear...

***NO MORE!!!!***

You talk so sweet

You speak without retreat

You walk with so much grace

Which only God can trace

Your face is so beautiful

Your nature so cute

You are an adorable darling angel

Warm & soft

Who could imagine what a sight it would be

When you sleep

Who would think that stars rest

When each morning your face shines

How did God make you

I do not know

Why did He make you

For me, of course

I wish I could be sure

I want nothing but you

NO MORE!!!

## *New Heights*

For you I will reach new heights, I promise  
But will you take that in good stealth, and acknowledge

I love you so much, for me you are so dear  
Please be willing to stay near me, don't make me fear

I need you my angel cz u r my life  
My breaths are all dedicated to you  
I can say that without thinking twice  
There is nothing better than you ever

I will forget you never  
I will love you till the very end  
I will die but not let the love feather(off)  
I will love you till dawn...

What more do you really wan(t)  
Is this not enough for you  
Or is something really wrong  
Please tell me before I finish my song...

## *Need U*

Please door mat jaa

Please don't go away

I need you

Without you, I don't want to be

I don't want to be anymore without you

You are an angel, a princess

You are my God, my love, my Lord

Tu meri zindagi hai

Tere bin ab kuch nahi hai

Kitna rulayegi

Kitna tadapnedegi mujhe

I swear galaxy badal lunga apni

Aur intezaar nahi hota

Yeh doorie bardarsht nahi hota(i)

Please don't go away

I need you

Please ease my pain

I realli realli need u!

## *Naam*

Dar lagta hai kahin naam hi na bhool jayun

Tujhko paane hi chahat mein tujhko hi na bhool jayun

Pyaar to karta hoon tujhse bahut

Kahin batane hi tujhe hasrat ko na daba jayun

Jeena nahi chahta bin tere

Kahin zindagi ke age jhuk hi na jayun

Marna pasand karunga ishq mein tere

Moka agar mil jaye agar

Ji to nahi sakta bin tere

Karun to bhi kya mein ab?

## *My Sweetheart*

Feeling so bored

Got nothing to say

My love ain't close to me

She keeps quiet all day

We never ever talk

She says she hates my by the way

Silent words we often exchange

But no voice is heard, no voice is heard

I wanna keep thinking of her all day long

Tis so nice and comforting

I wish I could serve her

Reduce the distance which exists till today

Without her life has nothing to look forward to

Life seems so dull

In her love even the greatest of pains

Has something realli nice to tell

An anxious chest, a throbbing heart

The pain of love and memories sweet

Iz so frigging awesome

I must say

She is the one, the only one

The soul divine, the beauty eternal

Her cute smile I can't resist

I can't refuse her anything, whenever she insists!

## ***My Game My Rules***

Are you scared of death

Coz I am not

Are you scared of murders

I hardly flaunt

Are you scared of psychopaths

Cz I may just turn into one

Are you scared???

I AM NOT!!!

Enough of injustice

Enough of evil

Can you even fight a good guy out

Now I want to see this

Either learn to be fair

Or don't play over here

If I loose, that would be the end

Coz then it would be a new game

My game and my rules!

## ***Missing Ya!!!***

Missing you already

Infact since the beginning of today

What a shock it was for me

I do not wish to stay

In school today

One of the worst days in a long time

Is no other than this day

After such a wonderful yesterday

Feeling so bad, so sad

Why did you did this yaar

You could have atleast given a hint

So, so, so awkward today I feel

I am feeling damn sad

I know you have your priorities

I will not try to force

But I wish it hadn't happen

I wish this hadn't unfold

I miss you Annie

## ***Life is not the same***

I know it has hardly been a few hours over here

Yet, life seems that nice no more

You are my reason, you are my life

Your sight is my soul's passion

Your voice is my musical delight

I wish words could ever do justice

To how much I really feel

I wish you would do justice too

## *Mercy*

Please Annie, have mercy

I beg you

Don't think that I no self respect

Just that I am desperate

I have broken

I can't go on any longer

I can't live much longer

I am tired, and sad

Depressed and a broken lad

Have mercy ma'am, please

It is painful, very painful

How long should I weep

How much can I cry

Am I not human

Then why treat me like an untouchable

You treat me as if I don't have any feelings

Weird as I maybe

Willing to change offcourse

But do you really think I don't care

That I can't feel pain, only you can

That I don't feel sorrow

That I don't cry

Am I really that bad

Why do you hate me angel, why

You may think that I need to get a life

I agree sweeti, but u r ma life!

Please save me!

## *Madam*

Madam, abhi tak aap ke reply ka intezaar kar raha hoon

Din bhar aap ki wait main kar raha hoon

Ab to reply kar dijea, baat zara si kar bhi lijea

Ab kitna aur wait kareingi

Kab tak iss chutiye ko satayeingi

Thoda to gussa thuk dijea

Ab reply kar bhi dijea

Aap ke intezaar main lag jati hain

Ab madam se aap mem sahib lag jatein hai

Aur kitna mujhe jhukaeingi

Zameen par kya naak ragadvayeingi

Maan bhi jayea

Reply kar bhi do na

Intezaar hua bahut

Ab aap ki aur wait karne main phat rahi hai

Tu se aap hi bas chali rahein hain

Bacche ko aur mat satiye

Maan bhi jayiye!

*Mad I have become*

Mad I have become

I don't now care

Let us see what happens

Please do not blame me

Please do not curse me

I can not help it

You sowed it

I am just bowing to it...

## *Lost*

I feel so incomplete today

I know I miss you

And with you absent today

Of course I would miss you

But I didn't know, I realli didn't

That, that, like a part of my soul has left me

Life I feel so different, I feel so strange

I dunno how to express myself

I know that you don't realli care

But now one thing I very much fear

I feel so incomplete without you

Like a part of me is missing

Beauty maybe present on all corners

But u, ur essence, its presence and divine grace

Ur soul, and the way it makes my smile

Is nowhere in the vicinity

I can't feel it anywhere close to me

U r nt dere, we both know that

I feel so veri incomplete

I dunno how I will ever fully express that

MOre than ur beauty, more than anything

Its jst about u, everything is about u

Can a person live without the soul which resides within

Can he ever be anything but the soul which lies within

Without his soul, he is nobody, no one

I swear angel, without you I am lost...!

## ***Lost World***

A familiar world  
That I once could call mine  
Where I still belong  
Iz lost, forever!

Those days of happiness  
Times of joy  
Carefree and kind, life being no less than a pleasant toy  
I can no longer call mine

I left cz I had to leave  
Given the fact that I got no choice  
And I wish so much that I never come back  
And I dunno if I ever will

For I entered a world  
A world where I am lonely  
A world which was always there  
Yet I wasn't there

## ***I don't know where to begin***

How to start  
What to do  
Where to go

Life is bad  
The world might just make it worse  
I can't leave the world

But Alas, I have no place to go to

An unfamiliar world is here to stay

A familiar world seems lost forever!

## ***Tadap***

Yaar jasbat to bahut hai

Par bahar nahi aate

Kehna to bahut kuch chahta hoon

Kambakht moke hi nahi mil pate

Dil ki baat zuban par aati hi nahi

Dard-e-jigar ka ehsaas aap ko pahunch pati hi nahi

Ro ro kar, haal hua bura

Aazadi gayi chut, zindagi gayi ruth

Najaane kitne aasoon tapak gaye

Pata nahi kitne abhi baaki hain

Kya naseeb paya hai maine

Khuda ho kar bhi dukh abhi bhi baaki hai

Meri tadap par hasna mat, keh doon

Duniya hila sakti hai, bahut kuch kar jaa sakti hai

## ***Tere nashe main shakti itni hai***

Ki khud allah ko bhula sakti hai

Mere aasoon shayad kabhi na suk sakenge

Par itna paka hai ki bekaar bhi nahi hoyenge

Aap jo hasti hai na

Inki price mere aasoon hi denge(I mean I will shed endless tears to ensure that you don't need to face them, aapke rasta par sirf phool ki bichne dunga)

Chahti ho to aazma ke dekhlo

Pyaar ki seema baha ke dekhlo

Aap kehta hoon is liye

Kyunki tu main aap ki izat jo mere dil main hai nahi sama pati

Aap kitna aur rulaogi

Kitne aasoon nikal waogi

Bata to do yaar

Aapki hasrat puri kare bina kahin duniya na chod doon

Kash yeh aasoon khoon ke hote

Kuch der baad khud hi chup hote (Jaan jo chale jaati)

Kismat kya mili thi mujhe

Aapne haal kya karva diya mera

Maut shareer ke ghav se to mukt kara deti hai

Par kambakt dil ke ghav kahan lekar jayun

Kiske pas apna ilaj kar vayun

Marham pati ka intezam kahan karayun

Maut aye bina, har din kahan mar payun

Dil le chukein hain aap

Jaan bhi lelo na

Kash aap khooN hi choos letein

Meri aatma ko aur taklif na do

Binti karta hoon bas itni

Main bhi insaan hi hoon(Ab to mera surname bhi Insaan hi ho jayega)

Insaaneet ke khatir, kisi ka dil mat todo!

## *Suit mein*

Yaar Annie, suit mein tu kitni cute lagti hai

Hosh literally ud jaate hain

Tu itni zyada wonderful lagti hai

That day, I remember

With your body in blue

Hair tied up forming a turban

You looked more beautiful than I could visualize too

Bahut pretty lagti hai, purely & truely your beauty

Roz vaise krun nahi aati

Har din ushi hi tarah kyun nahi muskarati

I wish each day of ur life

Could be just as beautiful and memorable

I wish each moment of ur life

Could be blessed with heavenly bliss

Waise bhi, an angel has all the right to Divine Grace

And if we look at it that way

Tu 'An angel' to nahi hai

Tu 'THE ANGEL' hai

Teri jaisi aur koi nahi hai

Not that I stay all day at home

But cz God ne aur kisi ko aisa banaya hi nahi hai

Tu khud bol

Kya koi hai teri jaisi?,:) )

Obviously NO!

## *Suffering*

Can't you see my pain

Don't you have any mercy

Seeing me in bits and pieces

I gave you all I could

I wanted none at all

I bled, I bleed

What crime have I committed

For being treated like an untouchable

I never meant any harm

Neither to disturb, neither to perturb

But to make you smile

And I get suffering in return

Can't you feel my grief

Don't you feel sorry

I want you to be happy, oh yes

But how unhappy do you want me to be

Do you really hate me

Am I really that inhuman

Or is your heart cold as frost towards me

And wants me to turn into stone

Can't you see my cries

I shout, I scream

But you can't hear, or you don't want to

I don't blame you

In fact I still respect

The world turns against me, but I still respect you

Please don't mind the world

But I request you

Please look within, once

Do I really deserve this?

## *Special Annie*

'Hi' my little fairy,

Back today again

Just for you,

I hope you think it over now

I hope you check me out

To kya hua if it is 'late'

Log beautiful hotein hongein

Par woh Annie to nahi hain

Woh internal beauty

Kisis se kam nahi hai

Dil tere liye dhadhaka

Aur tere mein kash samay jaye

Isko banale apna

Warna kya pata kya ho jaye

Teri happiness hai priority

Tu hai super superiority

Mujhse door mat jaa, please

Tera support chahta hoon

Teri khushi ko 100crore+ guna banana chahta hoon!

## *Something is Known*

Something is known

But not too much

Made matters worse

It has, as such

Now things are blurred

And the night is still alive

Waiting for light to shine

As I pass this trowth(ie. most down moment of my life)

Now what to do next

Clueless I am

Sitting and weeping

Not uttering too much

Why is it so gloomy

Why is it so dark

Nobody to count on

Waiting with a certain amount of zest

It is so scary

Now who to trust

Is that really a new beginning

Or am I doomed just yet

Hoping for things to smooth out

Waiting for the puzzle to fall in place

I hope times change soon

And I loev you forever with infinte zest...!

## *So Close Yet So Far*

Close encounters are so common now  
Yet absolute strangers we behave somehow  
No talks, no meets, no warth, no pleads  
Just another boy, just antoher girl...

You sometimes might give a frown  
Washing the smile off its crown  
Makign me realise my weedish presence  
Disturbing your cheery essence

Coincidents bright I seek everyday  
Answered prayers often I get  
Dunno how long  
Dunno how long, angel...

You go before you come  
Hardly ever do you stay  
I wish there could be few moments such  
Shared between us

No way of communication, I suffer  
Tortured and sucked up is what I infer  
Moments nice and bright, when  
I need those moments with you!

## *So Fast*

Will it all change

So soon may I ask

Not that the while is short

Just too fast to melt the rock

I still can't believe it

I don't think I am sure

Is the wait finally going to be worth it

Or am I being fooled, bro

Are things going to be different

Is the time given enough

I hope it is all it takes

Waiting, I am, with all at stakes

Please make it happen fast

Please turn darkness into a light spark

Please have this time pass soon

I am waiting for the golden noon...

## *Smile*

Najaane kyun aaj teri tarif karne ko bahut jee kar raha hai

Neend to aa rahi hai

Par sone jaana nahi chahta

Teri baaton main duba rehna chahta hoon

Tu itni cute hai ki dil pagal ho jata hai teri ek jhalak pe

Itni beautiful hai ki hosh udad jaate hain

Pretty to tu itni hai ki pretty word bhi kam lagta hai

Tujhsa koi na tha, na hai, aur na hi kabhi hoga

Bhagvan bhi kabhi nahi hoga aisa

Tu bhi to ek Goddess hi hai

Mind mat kariyo please

Annoy nahi karunga tumhe

Mera to kaam hi aapko hasana hai

Aapke chehre par muskaan lana hai

Haste rah kar yaar

Tension mat liya kar, mujhe de diya kar

Par khud tension free reh

Exaggerate nahi kar raha

Kisi se bhi jaake pooch

Duniya main sabse meethi smile kis ki hai

Chapal se mar liyo agar log Annie na kahe

Sach kehta hoon

Teri smile anmol hai

Tujhe social service achi lagti hai na

Teri smile se badh kar koi social service nahi hai!

## *Smile for Tears*

I cry, each day, each second  
So often tears fill up my eyes  
So frequently do they come out

Even rest of the time

My heart is still mopping

I weep, I scream, I suffer

Because it pains

It is indeed very painful

Time goes, I weep and I cry

That is all I know, all I do

There is one good thing

For each tear I must say

A deal with God that now comes into play

I did a deal, I signed a pact

For each tear of mine

May you be blessed with a smile

May the Lord bless your life with joy

And this makes each tear of mine worth it

I would rather shed tears endlessly

To put a single smile on your face

Than laugh away casually

And unable to see you in a merry state

Whenever I think of the deal

A different sort of feeling surrounds me

But then it is part of the deal

Atleast you will smile

Whether or not I see it

God will have to convert my tears into smiles

Just for you

Arre yaar, par kitna rulaogi

ek din, do din, ek hafta, ek mahina, kitna???

Ab bas karo na, bahut hua

Mujhe bhi smile karado na!

***Should I take a break now?***

Things have changed  
My heart is ever swollen  
Infinite grief hounds me  
Powerless I feel, what else!

Good times have passed by  
Even sweet pain is scarcely there  
Hoping for love to take me  
Far from this world soon, far away

Why did this have to happen to me  
It can't be for my best  
Not a moment of rest

It is so scary  
I can't fight this fest(actualy war)  
When will all this end?  
And replace itself with only our love

Half the time I think  
Only of/for you  
Then what is the real problem  
Of whose solution is not available yet

When will good times come again  
Or will I die sooner  
Should I not take a break(ie. die)  
Or is something about to happen just yet?

## *Selfless love*

I don't say that

That don't have a life without me

I say that

That I don't want a life without you

Did I ever say that love me?

No! I say I wanna love you

Did I ever say to make my happy

Make me cry for all I care

But then at least do that

Do something at least :(

Please...

And I promise to full your life with joy!

(No conditions from my side!)

## *Remembering Her*

feeling so bored

Got nothing to say

My love ain't close to me

She keeps quiet all day

We never ever talk

She says she hates me by the way

Silent words we often exchange

But no voice is heard, no voice is heard

I wanna keep thinking of her all day long

Tis so nice and comforting

I wish I could serve her

Reduce the distance which exists till today

Without her life has nothing to look forward to

Life seems so dull

In her love even the gravest of pains

Has something realli nice to tell

An anxious chest, a throbbing heart

The pain of love and memories sweet

Iz so frigging awesome

I must say

She is the one, the only one

The soul divine, the beauty eternal

Her cute smile I can not resist

I can't refuse her anything, whenever she insists!

## *Red*

Are you waiting

To make me regret

Do you really

Want me to fret

It won't help

To you I promise

Won't change things

Will make them much worse

Please acknowledge

Are you waiting

For red times to come

Are you waiting

For dusk to dawn...

## *In Ur Vicinity*

I may not be looking at you

I might not be able to look for you

We may not be sitting next to each other

Each other's voice we may rarely exchange

Nothing, yes, absolutely nothing

May be going around us, between us

Yet each moment in your vicinity

To me is dear

Each second around you

Loosing it I fear

Every frame of that life

I value higher than anything else

Although some distance might exist between us

But ur aura makes life much more fair

Ur sura enchants music divine

That feel causes a feeling which truly makes my face shine!

(Obviously not like urs offcourse...:P)

## *I'll*

I'll love you more

Than you could ever feel

I'd pamper you more

Than anybody would ever need to heal

I will take care of you

Nothing would you ever fear

I'd care for you like

Actually more than just like

Like you are my life and soul

I'd pray to you

And worship you like my God

I'd give precedence to ur wishes

Over many of my needs

And I'm sure

I'll love I'll love you

I'll love you I'll love you

Just give me a chance angel

Lemme come

I'm still waiting dear

Let me shine ur life's sun!

## *I wish*

I wish I could hold you in my arms  
I wish we could look into each others eyes  
I wish I could feel your breath I wish  
I wish, I wish...

The pain of love, no matter how painful it is  
Is so sweet, so deep, ohh...  
I weep, I cry, I break, I try  
Yet the pain is sweet, really sweet

An ocean resides  
Within your eyes  
No pain, no gain, feeling dried up  
And lost in vain

Your pretty face, merry smile  
Angel like presence  
Sense sooo divine  
I miss you, please don't go

I want you near  
You are indeed very dear  
The world seems so far  
Lust no longer needs to matter yaar

'I love you', 'I LOVE YOU'  
I wish I could repeat it all day long  
Sing a song, just for you

I really love you, tis true

I need you my angel

Without you I feel so dry

So empty, so void

Nothing for me left but to cry

But a ray of hope

Still surrounds me heart

Your happiness still counts for me

Which I will never let depart

I miss you, you will stay close to me forever

Wherever you are, however I am

My heart will always be with you

Need I say more, I love you...

I need you!

## *I wish I were a puppy*

I wish I were a puppy  
For then she would not hate me  
And not run away from me  
As she can (and does)

I could love her openly  
And she would be my friend  
We would play together  
And befriend (each other)

I could lick her  
If she didn't mind  
And be close to her  
And that is quite a lot, quite

We could be close  
And together  
Eat together, drink together and be together  
And talk to each other

She wouldn't hate me  
And I would serve her  
And help her whenever she was upset  
And sway away obstacles in her mood

And make her feel better  
I would guard her  
And not let a stranger come close

Whenever she would need my help

I could feel free to offer help

I would serve her, and serve her with my life, and soul

And take care that she is alright

Ofcourse that would give me pleasure

She would give me a buiscit

And I would cherish it with my soul

For that would be her gift to me

And I would lick it whole and whole

Alas, what am I dreaming of

She treats me like a dog, an underdog

And doesn't trust me like her dog, so

I wish I were a puppy...

***I wish I could talk***

So much do I wish

That I could talk about you

Talking to you is a dream so distant

Dream karne mein bhi ru kamp na jaye yaar

Tu itni door kyun hai mujhse

Kya koi javaab hai tere paas meri savalon ka

Kyun tu nahi maan jaati

Kya mere pyaar kam hai tere liye

What's wrong with me

I know I am being too hard on you by asking this

But then, you are being too too too hard on me as well

Kya choice hai mere paas

Kash Kash Kash Kash :( :(

*I will come*

The time has come

Must I go

But I hope return I do

And do some good to you

I am going for now

But again I will come

I hope as your son

And this ain't a pun

This isn't really a joke

I really hope I do come back

Fullful my unfilled wishes

And light your face with a smile

Then I can serve you and I will do

And fill your heart with joy

Make each moment of your life memorable

And say bye to all your sorrows

Don't take me wrong

My aim is just your happiness

And then you won't treat me as untouchable either

Neither a fucker will I be

All your dreams, I will take care of

That is my only dream left

Atleast you will be happy

And I won't be a loser then

But till then, there is a break

A little long one

Take care of yourself till then

And wait for me to come

For me the time will now sort of stop

I have to leave life mid way through

I am going for now

But as your son I will come!

## *Queen*

You are my queen

A wonder dream

You are still great fun to be with

You ignite a spark thick

Worshipping your feet, I like

Living life with the queen

Is such a distant dream

I bet nobody ever gave you

Respect like I do

Then why don't you accept me too! :P :D

## *Puzzled & Crazy(I want to fast )*

I think I have gone crazy

Life I have never been before

Faces and people seem to morph into you

I know anybody would call me crazy for sure

Never before ever happened to me

But I think it's still beautiful, veri

The pain along which is near unbearable

I dunno how long like this I can be

On this holy day and occasion divine

I wish I could fast too

I wish I could be with you

My hopes are of no meaning

And my prayers won't be answered, I can bet

I feel so ashamed

For having to drink water and eat food

When you are starving and dying of thirst

I wish I could fast too

I wish I could fast instead of you

I wish I could fast for you

If I do it now, people would find me crazy

Seriously this time, that would mean trouble

I dunno what to do

Somebody please figure this puzzle out

Somebody please help at least a little

Please do....!

***Plsssss.....***

Time wella hai mere pass abhi

Kya tere pass aa jayun? :P

Kya welcome karegi tu mujhe

Ya chapal khane ke liye tayar ho jayun? :D

I know yeh shayad thoda irritating lagega

Par jst trying to tme pass for me & u

I hope tu kamsekam mukuregi zara sa

Then, mein bhi khush ho jayun?

Exam ke beech mein bore go raha hoon

Tere baare mein hi to sock raha hoon

Kabhie Kabhie to dekh liya kar idhar, yaar pls...

Aur kitna sataygi, kitna rulaegi?

Paas aa bhi jaa

Door kyun rehti hai

Ek chance to de

Sun jo tera dil tujhko kehta hai

Please pls plsssss.....

*Please.....*

You came, you stood

Was pleasant, it sooth(ed)

Everything was great

And life was beautiful

You started to abuse

You couldn't resist to accuse

I know it might be my fault too

But it hurt(ed), it hurt(s)

I ain't what you think of me

I bet you hardly know any of me(actualy much of me)

Why don't I deserve at least a fair chance

Why do you treat me inferior and unfair

It realli realli hurts

Don't you know

Why do you do this

Why don't you care

I can make you laugh

I can make you smile

I bet my life and soul on that

Can we now have it fair

Whatever I do

I do it for you

You think I can't do any more

But, of course I can do

Please don't be unfair

I say sorry for anything you didn't like

Please for the sake of God

The God of which you are a part

Please don't be unfair

Please give me a chance fair!

*I want to see that angel again*

I want that divine being to restart

I don't wanna let her ruin herself

I gotta help her, I gotta save her from making a big big mistake

I will try my best I promise

But please wait till then..

Please wait till then...

Please wait....

Please do.....

Please.....

.....

Please be fair!

You came, you stood

Was pleasant, it sooth(ed)

Everything was great

And life was beautiful

You started to abuse

You couldn't resist to accuse

I know it might be my fault too

But it hurt(ed), it hurt(s)

I ain't what you think of me

I bet you hardly know any of me(actualy much of me)

Why don't I deserve at least a fair chance

Why do you treat me inferior and unfair

It realli realli hurts

Don't you know

Why do you do this

Why don't you care

### ***I can make you laugh***

I can make you smile

I bet my life and soul on that

Can we now have it fair

Whatever I do

I do it for you

You think I can't do any more

But, of course I can do

Please don't be unfair

I say sorry for anything you didn't like

Please for the sake of God

The God of which you are a part

Please don't be unfair

Please give me a chance fair!

*Please don't get rid of me*

Please aise mat kahiye madam

Ki "I wanna get rid of him"

Aapke bina ek pal bhi jiya nahi jata

Dard dil ka ankhon se piya nahi jata

Aapki tadap rehti hai dinbhar

Aapki smile ke bina jiya nahi jata

Itna dard, kitna dard pata nahi kaisa dard

Hai charon orr

Main janta hoon ki aapko meri zara bhi fikar nahi hai

Par itna to mat satiyee

Ek chance hi de jaiyye

Arab dua milengi aapko

Swarag banegi zindagi aapki

Kash, es haal se mujhe bachiye!

Paying my respects

*Saw much of you today*

Saw much of you today

Long and continuous

You looked so cute

And also smiled, just by the way

It was wonderful

I must say

Have I ever seen something so beautiful

Never till date

That innocence and childishness

I crave for till today

Not just what it appears to be

Cz it has to be like that I say

Saw much of you today

Long and continuous

You looked so cute

And also smiled, just by the way!

## *Dard*

Zakham jale pade hain  
Satane walon ki koi kami nahi

Dard bhare pade hain  
Aag bhujane ke liye koi bhi nahi

Aisa lagta hi ki  
Zindagi ka har jara aapko de doon

Apna sab kuch aap ke naam kar doon(matlab hai meri zindagi)  
Khud ko mita aap ka ban jayun

Yaar khoon hi choos lo mera  
Cheekhunga, Chilaunga par fir hamesha ke liye chup ho jayunga

Lagta hai mano aapko apna  
Khoon ka har boond pila doon

Apne liye 1ml na chodoon  
Tarasunga, marunga, par aap ki pyaas to bujhadunga

Jitna dard dena hai do  
Jaan leni hai to woh bhi lelo(aapki hi to hai)

Par mere dil ko aur mat satayo  
Pehli hi bahut tadap chuka hoon

Aur mat rulao

Aapke hathon marna pasand karunga

Par es tarah ghayal mat chodo

Jee na sakunga

Es lachar pe kuch to raham khayo

Ab maan bhi jayo!

## *Sirf Ek Smile*

Your smile can make me forget my sorrow, my pain

Your smile can turn my mood on

Your smile can quench the thirst of my throat

And I promise your smile will never be in vain.

I can shed a hundred tears for a single smile

I can cry to set you free of your pain

I can't see you upset

And I am sure your smile can do the trick

Your smile has all it takes

To make me forget the world

And thank you for life

For your smile is more powerful than anything

Your smile can touch my soul

And touch me really deep

And I just hope

That once, atleast once you smile (just for me)

I crave for your single smile

It is worth it to walk 10 miles and finally have your smile

Whatever you say I may do

But just smile

I know you like to smile

So please don't be shy

Keep smiling , and remember, your smile can make somebody's day

And whatever you do, don't forget to smile(atleast once)!

## *Tense*

So tense I am  
Silently waiting for you  
Anxious I am  
Still awaiting you

I can't bear it any further  
Is it about to rain  
I know I am being drained now  
Just for you am I bearing this pain

I might not have ever been  
What I am today  
Had it not been for your silent needs  
Which I seek to replace

I need you my love  
I love you very dear  
I can not live without you  
I can not, I just can't!

## *U R D E Best*

I know I have accused you

But have I ever abused

I know I may have hurt you

But did that choice I hold

I know you don't want me around

I know you would rather have me far

I know you can't show towards me compassion

And trust me angel, I understand you

Cz I really do

And I still love u more than a devotee to his Sun

I understand how you feel

In ur shoes I might probably have acted the way you have done

I know how caring and selfless

Sometimes you can be

Super caring is what you always be

I know there is no substitute for you

Neither living nor dead

I am sorry if I hurt you

But pleaae don't doubt my love madam

Had my love not been genuine

Why would I ever fast

I don't think that I fasted for you

I fasted with you

I can't drink a drop of water

When my love is feeling thirst

I feel so ashamed

How would I ever forgive myself

No matter what I ever said

Just believe these words

There is no one like you: NEVER

And I LOVE YOU!

And will do so FOREVER!

## *Three Months*

Have to wait another three months

Then I will have to see

Have to be patient and composed till then

Else I may go on a spree

I don't really like it this way

But how do I ever escape

There seems nothing beautiful to my life

Since you are not there, only death

What do I do

But talk so morbid

How do I bear the pain

How can I forgive

My life is in vain

I only suffer from pain

There is no sign of any rain

What do I have to gain?

But more and more pain...

## *Those Memories are Beautiful*

Those times were beautiful

That time was so wonderful

Although it rained time and again

Those times were pleasant and beautiful

I really miss those memories

I wish they could repeat themselves

Why did that have to go away so quickly

Why did they lack so much zest (ie. those times/months I mean should have been longer)

Those memories are still with me

And they will stay with me forever

As long as I last I mean

Before I am forced to fast, you see (ie. suicide/death)

I can not live without you

I need more than just memories

Life is all pain, no gain

Under a blanket of hope, I survive for thee

You are so beautiful

Evergreen and fresh

Why didn't those times last longer

I want to go back to my school days, I want...

This new life is not worth it

I don't want it anymore

Can I travel back in time

If I could I would do that for sure!

## *Tum*

Woh gehri ankhen

Woh cute si smile

Meethi si muskaan

Aur pyaara style

I love all of it so much

I miss it, sach

Bahut achi lagti hai tu yaar

You know u r beautiful

So nice, so sweet

Phir kyun itna gussa karti hai tu yaar

Zara haabhi de

Thoda smile kar bhi le

Deewana hoon tera

Thodi to chinta kar le

Thodi to karle

Kar le na yaar!

## *This Night*

I will do it

I promise

I will do it

I am sure

For you I will do anything

Do you want more?

The night will end I know

I say for God is sure

This darkness won't let you believe

It will not let you see

We have to wait for dusk to yawn

We have to wait till this time has gone

But please don't forget till then

I love you my angel

And I will always be yours

I am yours forever my angel!

This night tonight is too long

But I know it will pass by

Have not the time to sigh

And of course thus I don't bid you goodbye

This night will last really long

But at least I know that it will finally die

At least till then I can dream of you

And wait till you say 'Hi'

I love you, do you doubt

Whatever I am doing

I am doing it for you

And I shall sprout

You are just the same beautiful

And I hope you stay just the same

For when light welcomes us

I want a life beautiful to start...

## *The Girl*

The girl who has won

Hearts so many

The girl who acquired

The title "Princess"

The girl whose angelic presence

Changed the aura surrounding

The girl who everybody adore

Who touch and voice has become a cure

The girl whose smiles

Both demons and Gods cherish

The girl who showered

Love and compassion knowing limits 'no'

The girl for who

I can die each second, a hundred times over

The girl for whose love

I can weep (and shower)

The girl who people know

For her inner purity and external beauty

The girl who has now turned

Into a magnificent young lady...

Best wishes to her, a life full of joy, live it to the fullest and be  
as happy as you always were, or more!

## *That Smile*

Tere ankhon mein masti  
Ko dekhne ko dil chahta hai  
Woh methi methi muskaraht  
Mujh par tera nasha chadata hai  
Woh beautiful smile aur genuine look  
Seen never before, anywhere else  
Ain't acting as a crook, baby, jst ain't one  
That smile is jst too intoxicating  
Ur expressions so natural  
Feels as if never before in my life  
Have I ever seen anyone smile  
As I dunno what a smile is  
You look so fresh and behave with so much grace  
Pyaar ankhon mein bhar jaata hai  
Tere saath mein beetana chahta hai  
Still can't get over that smile  
Which I accidently see once in a while  
Sach kehta hoon yaar  
Woh smile realli realli addicting hai  
Woh muskaraht tere chehre se kabhi na chute  
Khuda tujhse kabhie na ruthe  
Yeh dua karta hoon  
Kash woh smile har pal naseeb ho  
Kash woh smile galti se hi sahi, naseeb ho  
That freshness and beauty  
That your eyes possess  
I wish I could have some of it too  
I wish God keeps his on you

I wish I could be with you too

God Bless you my dear

Live a long long happy happy happy life, Annie!

## *Torture*

An invisible angel walks upto me  
A silent hand reaches towards me  
Trying its best to accoplish the mission  
For which she has come

She takes a hot sharp iron rod  
And pierces it down my heart  
Not once, not twice, not thrice, not four times  
But again and again

Each time a fountain of blood comes out  
Leaving me slithering in pain  
Begging her for mercy  
Asking God to change (the way of life)

She pours hot acid over my heart  
Burning my blood even deeper  
Smoking me black and blue  
Letting me scream as hard as I can do

She takes a knife, a hot and sharp one  
Slices my heart into a million pieces  
Each cut profounds deeply with my pain  
Swallowing beneath, the echoes of the party of her joy

In the end she removes my soul  
Reduces it like nothing  
Burns it in fire, and lets the fire burn, burning...

But never letting me die

Why doesn't she understand

I do not wanna die

I can not live

Yet I burn in pain, and I live off

You once asked whether you are stone at heart or not

No you aren't and you won't ever be

(scroll down)

YOU DO NOT HAVE A HEART

(scroll down)

Neither a soul

(scroll down)

You are just a lucky angel

Robbing me of my peace, my soul, my God!

## *Together*

I love you my angel

I need you my life

I am your slave princess

For you I can slog all day all night

There is no one like you ever

There is nothing like you, never

You are the one and only

Who I can love and live together

Only you can make my life shine

Only you can end me pine

None but you is my best weather

I can't live without you, my love

You are so beautiful

I really really adore you

You are so pretty

I don't know what more to say to you

Please come back

Please don't go away ever

Please be with me

We can be together!

## *To Who Should I Complain*

To who should I complain

Should I or should I refrain

Soaked I am in pain

Is all this really fair

I don't think I can bear

I am afraid I will break

If there is so much at stake

My love is not a fake

I love you, I do

There is no mistake

Then why do I need to burn

Why don't tables soon turn

I hope I no longer

Am sucked only deeper in the drain...

## *Tere nashe mein*

Annie, kitni beautiful ho tum

Tum kitni cute ho

Tumhara noor hi mere dil ki dava hai

Tumhari aavaz hi har zakhm par marham hai

Hosh ud jate hain

Jab tum pass hoti ho

Dhadhkanein thumsi jaatein hain

Jab tum kareeb ho

Tumhara face kitna pretty hai

Smile sabse innocent hai

Ankhen ocean se bhi gehari hain

Dil naram se bhi naram hai

Har takleef ki tumhare pass dava hai

Tumhare bin har pal sirf ek saza hai

Tumhare pyaar mein jiya, tumhare pyaar mein mar jayunga

Yeh zindagi bas teri khatir hi hai!

God Bless U!

***I will be there for you...***

I will be there for you

When you are feeling low or slightly depressed  
Please give me a call or order me without any hesitate  
I will wait, and wait and wait and wait and wait  
Till you give me a chance to help

Don't feel shy, don't hesitate, don't consider me a stranger

Coz I promise to you that I too

Am your friend and will be there FOREVER

Don't hesitate, don't resist, coz I will be there for you

I know you don't need me, and I hope you never do  
Coz I can't see you upset nor can I do want you hurt

I know you have many to count on

And I am sure they will stay just there

But how do I tell you that

I suffer, and a great deal at that

Just too get a chance

To help you, to cheer you, and most of all, To be there for you

I know you may abuse me, and you might even curse  
But I will always pray to the Lord to keep you just perfect

I want you to be able to count on me

Much more than me to count on you

Whenever there is a problem

Or you think you might need any help  
Just remember one thing and no need to feel shy nor guilty  
A friend will be waiting for you and happy to offer help

I hope you never need it  
Coz I can't see you upset  
But I hope you consider me worth counting upon  
And I can promise you will never regret

How to tell you that I die every day  
To be there for you  
And so I will always be  
But I just hope you give me a second thought and I am sure you won't regret

I promise you to be there for you  
Always and Always and Always and Always  
And if ever anything pinches you, don't forget  
There is always one more person who you can count upon  
And that person will never sweat  
Nor say a word  
But for Godsake, don't consider me a stranger  
Coz I will always be there for you, EVER!

*I want to serve her*

I wish I could serve her

And become her slave

Work for her, wake for her

Sleep for her, live for her

One dream, one life

Annie that is it, nothing else

One goal, one spark

Making her smile is what I crave

I don't mind being treated like a pet

I don't mind doing all her petty work

Any treatment dished out by Ms.Sood

Is for me work divine

I want to be able to cook for her

And to bring her morning coffee

Do each work for her to the fullest

And to serve her loyally indeed

Please don't think that I lack self respect

Her happiness is what I crave

I want to make her smile

And serve her with my soul

I would love to dedicate this life

To her, and her and her offcourse

As a mistress I want her

As a mistress, so nice...

She is divine, trust me on this  
Her prettiness is real hard to find  
Though you still find really pretty faces  
A soul like this no where else exists

You wanna bet, please go ahead  
I am certain though  
You will never find a soul so beautiful  
So caring and kind

Despite the physical roughness which you often endure  
There is nobody like her, I am sure  
I would love her as my soul mate  
She is the one

So much I wish that I could share her pain  
Take them to myself and make her comfortable  
A gift of joy from my side  
Is what I wish for her

There may be many beautiful people  
As most people would comment  
But look inside her once  
I assure you, there is no way you will repent

Not that she isn't the best eyecandy for me  
The innocence in her eyes is my medicine  
Her compassion is attractive

She is truly the world's strength!

*I want to end it*

There is so much pain in my heart

Good times never make a start

I wait for them without any limits

They come over to my place not even for a few minutes

I cry, I weep and fall asleep

Nobody hears my plea

I am all alone crying in my sober tone

With nobody even to answer my phone

Where I can I go and what can I do

I do not know so I weep in a fashion prone

Enough is enough, now I wish to depart

Can't go further, now I may need to part

Is it over so soon

I doubt whether even time can tell that soon...:(

## ***Tu Hi Sab Kuch Hai***

Yaar please door mat jaa

I know you are tired

Of being repated the same

But what choice do I have dear

That's all which makes my heart pour

Kisi aur ko to dekhna bhi nahi chahta

Kash aisi jagay jaa sakte hum

Ho na jahin aur koi

Jitna test chahe karle

Full marks layunga hai garuntee

Tujhsa koi kahan hai yaar

Tu hi zindagi, tu hi mera jahan

Tu hi rab, Tu hi khuda hai!

## *Thank you Madam*

Thank You Madam

For medicating me today

For helping me with my problems

For relieving me of my pain

I thank you for the sweet music I heard

I appreciate the atmosphere I learnt

Your single step makes me feel so good

A single glimpse does much to make me heal

It feels so nice

I feel at peace

Capable of continuing my daily life

Making me heal a tedious routine

I love you, this is true

I wish I could do something to make you happy too

I dunno if I can ever pay back

The favour you just did today

I dunno if I deserve such an angel

But one thing I know for sure Miss..

I will love you the way

The way this is enough, FOREVER!!!

And offcourse, I thank you! :D

Anni yaar tu bahut achi hai :P

Dil ki sachi hai :D

Galiyan teri bahut pyaari lagti hai :)

Gussa karti hai tu cute tigress lagti hai :P

Tu gandhi nahi hai

Tu buri bhi nahi hai

No matter what anyone says

No matter what anyone feels

***Annie, tu bahut achi hai yaar...!***

Tujhse pyaari aur koi nahi

Itni interesting aur koi bhi nahi

Cute hai tu, pretty bhi

Beautiful bhi tujhsi aur nahi koi

Tu bahut achi hai yaar

Annie tu realli achi hai

Tere liye jaan hazir

Duniya bhar ka pyar hazir

Tu bahut achi hai yaar...:)(seriously!)

Annie tu bura to nahi manegi nah

Aggar main kahunga ki

Ki mujhe tera nasha hai

Ki tere pyaar mein yeh dil duba hai

Love ki har seema par kar jayunga

## *Ashes*

From the ashes I shall rise

Alone I will fight

It would be such a wonderful sight

No trace there will be of light

Blackness and darkness and voidness

That is my destiny

And I hate this alright

But die must you all

Because from the sky I was supposed to fall

You people don't care

Nope, not at all

Then who should I call

Who will bring in justice

Who will live to make this a storytale

I repeat yet again

Destruction must rain

Believe me, all you guys deserve is pain

My life is a bane

And I hope that it ends

Ends before my pain makes me make you insane

The ashes will then replace light

The ashes will crush you tight

My burnt self won't be affected of course

And asks don't burn asks

So I would have no remorse

Ashes my friends

Bewares of the ashes!

## *Annie Ke Liye*

Annie ki ek smile ke liye mar mit jayunga

Loyalty sari naam tere hai

Mann mein darr khatir tere hai

Dil se dua tere liye karta hoon

Bhagvan bhi khayal rakhega tera

YEh guarantee karta hoon

Door mat jaa yaar mere

Jee na sakunga bin tere

Naam tera hi yeh lavas kash bolein

Tere dil mein kash ek hole gholein

Slap please mat karna yeh padne ke baad

Yeh zindagi ab naam tere!

## *Bye!*

It is all over

The game is lost

Now preparing for the next game

Only tears, hope totally lost

I lived, I hoped, I tried

I prayed, I had faith

I loved, I cared, I was selfless

But it all failed

I love, I still do

And I care for you too

But what do I do

Prey, say what

You don't care I live or die

I might end up suiciding too

But you don't care, do you

I have lost hope, all is lost

I no longer have the strength

I no longer believe

My faith is broken, trust is shattered

Nothing is left

The end is approaching

A very very painful one at that

One thing is for sure

Atleast you will be happy

And thank God for you won't feel any remorse

I cried, I cry, each day, tears fall

The rest of the time I cry too

Just that tears don't fall

I still can't believe it

You really don't care of boy willing to die

So I really don't think there is any point left

It is better for me to die

I wish I could die

Right now, right here

I want to merge with eternity

Then there should be nothing to fear

Hell, all I get after death is hell

Life was hell

Afterlife will be hell

Hell, (par shayad teri sweet memories kuch happiness de jayengi)

Did I seriously ask for too much

Or was my fault too grave

Did I deserve the punishment of death

Was it really justified

I cry, I suffer, I feel pain

Soon I may die

I don't promise that I will

But chances are appreciable

The good part is

That your life won't be disturbed

You won't know before I die

Nobody will tell you after that either

You don't give a damn

So it won't affect you ever, at all

I feel sad though too

For my promises are now broken

A promise to God will be cancelled

A promise to my Guruji will no longer exist

One person I think who did love me(Papa)

All I can say is "Sorry"

I know some people might not quite fancy

And might call me mean and selfish

But the same happened to me

From you too

I don't really know what to do

Soon I will find a painless way

I don't have much choice left

I hope a Sorry is good enough

If you really do understand me

Then you will understand

It is better to do it once and for all

Than cry each night

Tears in my eyes

Yet I try to smile

Laugh it off

People won't know

Till the last minute

For till then techboy is with me

He always laughs, makes people laugh

Never does he show a single tear, nor does he cry

Neither will he do it this time

But in the end I will have to die

And so will he along with me

The end can come anytime, Goodbye!

## *Bujh Jayega*

Dard hi dard se ghira hua

Pyaar main tere duba hua

Nirasha hi nirasha hai charon orr

Maut tak ki phursat nahi

Soch phir kaise mara hua

Har ghadhi sirf darr hai

Ghutan hi ghutan har taraf hai

Dard main duba, maut ne jagaya

Pyaar kiya, aap ne dil khol kar sataya

Kya guna kiya (tha maine?)

In zakhamon ka koi ilaj nahi

Maut mere shareer ke pida to har sakta hai (I don't have any, but in case somebody does I mean)

Par en dil ke ghav le kar jayun kahan

Dard kab tak aur ab chupayun

Marne se pehle jayun kahan

Har din ek dozen baar ibadat karta hunga shayad

Ki "Kash meri maut aa jaye" (Words are different)

Mera samay kisi allah ke bande ko lag jaye

Kya naseeb paya hai maine

Yeh khush naseebi bhi meri hoti nahi

Ankhon mein aason aye to chupa leta hoon

Dil ka dard kam hi batata hoon

Jale pe jale kar leta hoon sehan

Itni pida apne hi ander basa leta hoon

Aur kab tak

Kitna dukh le sakunga

Aur kab tak jee sakunga

Mera samay ab jald hi aayega

In aasoon ka ant shayad aayega

Ab yeh diya bujh jayega!

## *Bored*

Got nothing to do

I am so bored

I stand alone

Alone I stroll

I am waiting for you

Very patiently indeed

In the process however

There is much that I need

I don't know where I am heading

I am wasting my time

I know I am being useless

I have nothing to spore

Just waiting for you

I am getting impatient

I wish you were here

I wish we were together somewhere

I need you my angel

I love you my life

You are my princess

I can't live without you as my wife!

## *Before Leaving*

Just when the end is approaching  
Even the invaluable seems so dear  
Everything seems so beautiful  
And this brings my eyes to tear(s)

The world all around is just so perfect  
Fascinating and wide it is  
Everything around us is so nice  
Just the right person to judge it be

Tears fill my eyes again and again  
As I think it is all over  
Soon I will be leaving this beauty  
Vanishing all this soon would be

Everything will now go, everything  
This keyboard, monitor, my body, mind, my Guruji  
So desperate I am to now meet him  
Afterall, this maybe our last meet now

I am Sorry Guruji  
We didn't spend much time together  
Maybe just a year or two  
I know you gave me more than anybody ever got

Treated me as special as somebody can be  
The chance you gave comes 1 in infinite or rarer  
I am Sorry I couldn't live upto you

Sorry for my be(ing)

Tears trickle down my eyes

Sorrow saturates my mind

And I catch a cold

As I think of the near future disappearance

I don't wanna leave this world

I would hate to leave you

To leave this \*incarnation and Guruji you

But alas, I got no choice

You(I mean you Annie) aren't there forever

Without you this \*incarnation is of no value

And no answer to you Guruji

Just another request, Take care of Annie

If I leave which I just mite

Transfer my rights and you know what to Annie

She is the one you know she is

Take care of her for that

Who cares I cry, I die

The world will never stop

She of all doesn't really care

So better leave the clock

I hope a miracle soon does happen

Else everything will soon go in vain

Precious live(s) might be wasted

Still please Guruji, take care of her!

## ***Bas***

Har ek pal ab chubta hai

Waqt waqt ke jaise nahi kat ta hai

Yadon main duba rehna chahta hoon teri

Kyunki dil ab bhi tere liye dhadhak ta hai

Tujhe miss to karta hoon

Par koi chara nahi hai

Yaar aur mat tadpa

Ab pas aa jaa

Maine kab kaha hai pyaar luta

Par dost to ban jaa

Dil ko aur mat rula!

\*incarnation here refers to the world
